

Gas Turbine Systems Technician - Electrical (GSE)

January 2022

United States Navy Ethos

We are the United States Navy, our Nation's sea power - ready guardians of peace, victorious in war.

We are professional Sailors and Civilians - a diverse and agile force exemplifying the highest standards of service to our Nation, at home and abroad, at sea and ashore.

Integrity is the foundation of our conduct; respect for others is fundamental to our character; decisive leadership is crucial to our success.

We are a team, disciplined and well-prepared, committed to mission accomplishment. We do not waver in our dedication and accountability to our Shipmates and families.

We are patriots, forged by the Navy's core values of Honor, Courage and Commitment. In times of war and peace, our actions reflect our proud heritage and tradition.

We defend our Nation and prevail in the face of adversity with strength, determination, and dignity.

We are the United States Navy.

The Sailor's Creed

I am a United States Sailor.

I will support and defend the Constitution of the United States of America and I will obey the orders of those appointed over me.

I represent the fighting spirit of the Navy and those who have gone before me to defend freedom and democracy around the world.

I proudly serve my country's Navy combat team with Honor, Courage, and Commitment.

I am committed to excellence and the fair treatment of all.

CAREER ROADMAP

Fireman Recruit to Master Chief Roadmap

The educational roadmap below will assist Sailors in the Gas Turbine Systems Technician - Electrical community through the process of pursuing professional development and advanced education using various military and civilian resources e.g. PQS program; JST Joint Service Transcript; E-Learning; Navy College Network; etc. Successful leadership is the key to military readiness and will always require a high degree of technical skill, professional knowledge, and intellectual development.

What is a Career Roadmap for Gas Turbine Systems Technician - Electrical?

Gas Turbine Systems Technician - Electrical roadmaps are just what the name implies - a roadmap through the Enlisted Learning and Development Continuum from Fireman Recruit through Master Chief. The principal focus is to standardize a program Navy wide by featuring the existing skills necessary to be successful in the Navy. The ultimate goal of a roadmap is to produce a functional and competent Sailor.

What is the Enlisted Learning and Development Continuum?

Enlisted Learning and Development Continuum is the formal title given to the curriculum and process building on the foundation of Sailorization beginning in our Delayed Entry Program through Recruit Training Command and throughout your entire career. The continuum combines skill training, professional education, well-rounded assignments, and voluntary education. As you progress through your career, early-on skill training diminishes while professional military education gradually increases. Experience is the ever-present constant determining the rate at which a Sailor trades skill training for professional development.

Do Sailors have to follow the Roadmap?

Yes. The Gas Turbine Systems Technician - Electrical roadmap includes the four areas encompassed by the Continuum in Professional Military Education to include; Navy Professional Military Education (NPME), Joint Professional Military Education (JPME), Leadership and Advanced Education.

Some training and education is mandatory (Recruit Training, Gas Turbine School at Great Lakes, E-Learning, etc.). Some may be directed by your chain of command (Microsoft Excel and PowerPoint courses), and the remainder is voluntary (MNP, E-Learning, college courses, etc.). Sailors are advised to seek out mentors, including your Command Master Chief, Senior Enlisted Advisor, Leading Chief Petty Officer, Leading Petty Officer and Command Career Counselor, and to make use of your Navy College Virtual Education Center (VEC) or OCONUS Education Office's vast resources. All are uniquely qualified to help you along the way.

Notes:

GSE CAREER PATH (SW)

Gas Turbine Technicians (Electrical) (GSE). GSEs operate, repair, and perform organizational and intermediate maintenance on electrical components of gas turbine engines, main propulsion machinery, auxiliary equipment, propulsion control systems, and assigned electrical and electronic circuitry up to the printed circuit and alarm warning circuitry.

| YEARS OF SERVICE | CAREER MILESTONES | AVERAGE TIME TO ADVANCE | COMMISSIONING OR OTHER SPECIAL PROGRAMS | SEA/SHORE FLOW | TYPICAL CAREER PATH DEVELOPMENT |

| 1+/- | GSEFN GSEFA Accession Training | 9 Months | | | Recruit Training, "A" and "C" Schools. |

Notes:

- 1. "A" school is required.
- 2. This is a compression rating. GSM and GSE ratings compress to GS rating at Senior Chief
- 3. In rate shore duty is normally limited to "A" or "C" School Instructor and SIMA. Most can expect a tour in recruiting or as an RDC.
- 4. Tours at a Flag Staff, NPC and BUPERS require special screening.
- 5. The Marine Gas Turbine Inspector (MGTI) program is open to E-6 and above. Sea duties for the MGTIs are limited to squadrons and ATG.
- 6. Tour at BUPERS 3 as an Enlisted Community Manager or Enlisted Community Manager Technical Adviser is for high-performing E8s or E9s. It is a highly competitive tour requiring thorough understanding of the Rating and manning and manpower policies. ECMs handle multiple Ratings affecting thousands of Sailors, adjudicate Career Waypoints applications, develop and present advancement, school quotas, accession and strength policies and initiatives for community health.

7. NEC information:

a. U03A - CG-47 Gas Turbine Electrical Maintenance Technician operates and performs advanced organizational and/or intermediate maintenance to the component level on CG-47 class gas turbine main propulsion and electric generating plants control systems.

GSE CAREER PATH (SW)

- b. U05A DDG-51 FLT I-II Gas Turbine Electrical Maintenance Technician operates and performs advanced organizational and/or intermediate maintenance to the component level on DDG-51 FLT I-II gas turbine main propulsion and electrical generating plant control systems.
- c. 728B LCAC Deck Engineer is a critical crew position aboard the LCAC, constantly working with high technical and potentially dangerous high-speed machinery. Also maintains, troubleshoots, and perform maintenance on the LCAC gas turbine engines, propulsion and lift system, and mechanical auxiliaries. The Deck Engineer will be familiar with the ABS mission.
- d. 729B LCAC Craft Engineer/Assistant Operator operates the Landing Craft, Air Cushion (LCAC) vehicle engineering plant (propulsion, lift, and control systems) in amphibious assault and training operations. Performs systems diagnostics, troubleshooting, and limited engineering systems repair during operations. Operates the LCAC when the Craftmaster (NEC BM-0167) is incapacitated.
- e. 731B LCAC Electrical Systems Maintenance Technician performs organizational and intermediate level maintenance on LCAC craft control systems.
- f. U07A Marine Gas Turbine Inspector performs periodic borescope inspections, mechanical grooms, and gas turbine bulletin inspections. Provides troubleshooting and on-the-job training, oversees intermediate maintenance level repairs, and assists in calibration. Makes engine change-out recommendations and oversees gas turbine change installations. Ensures accuracy of engine logbook entries.
- g. U09A CG Smart Ship Engineering Control System Equipment (ECSE) Operator and Maintenance Technician operates and performs preventive and corrective maintenance and all authorized fault isolation and repair procedures on the Engineering Control System Equipment (ESCE).
- h. U16A Shipboard Engineering Plant Program Manager administers, manages and evaluates shipboard engineering programs. Recognizes engineering systems and major components external to the propulsion plant which comes under the cognizance of the Engineering Officer of the Watch (EOOW). Evaluates operating conditions and makes recommendations to the engineering officer.

Considerations for advancement from E6 to E7

- 1. Sea Assignments (all)
 - LPO/ALPO/WCS at Sea/Operational/Joint
 - Qualified EDO/EOOW a plus
 - MGTI a plus
 - At least one warfare pin
 - DCTT/ETT
 - Command Collateral with documented impact
 - Qualified 3M 301- 305
 - FCPOA involvement
 - Sailor 360 involvement
- 2. Shore Assignments (all)
 - RDC(w/MTS)/ATG(w/ATS)/TYCOM Staff/BUPERS//Expeditionary Service/SPECWAR/Expeditionary/Rating Instructor (All screened billets)
 - Instructor Duty (805A) (MTS at all levels)
 - Completed PPME, USMAP
 - Community involvement

Considerations for advancement from E7 to E8

- 1. Sea Assignments (all)
- Department LCPO/ LCPO FDNF a plus
- Should be qualified EDO/EOOW
- MGTI a plus
- At least one warfare pin

GSE CAREER PATH (SW)

- ETT Coordinator a plus
- Command Collateral with documented impact
- Completed PPME/JPME/USMAP/SEA
- Active CPO Mess involvement, holding a position
- Sailor 360 Phase and leading a committee/Season

2. Shore Assignments (all)

- Recruiting Duty (serving as LSO or LCPO)/RDC/ATG (obtained ATS/MTS)/TYCOM Staff/BUPERS/SPECWAR/Expeditionary/Rating Instructor (obtained MTS) (All screened billets)/FLC's (impact billet on the waterfront)/ASD (with documented impact) Disaster Preparedness operations team leader.
- Completed PPME/JPME/SEJPME I/USMAP/SEA
- Community involvement

Considerations for advancement from E8 to E9

- 1. Sea Assignments (all)
 - DLCPO/LCPO at Sea/Operational/Joint, FDNF a plus
 - MGTI a plus
 - At least one warfare pin
 - ETT Coordinator, EOOW/EDO
 - Command Collateral with documented impact
 - Completed PPME/JPME/USMAP/SEA
 - Active CPO Mess involvement, holding a position
 - Sailor 360 involvement and leading a committee/Season

2. Shore Assignments (all)

- Recruiting Duty (serving as LSO or DLCPO)/RDC (Ship LCPO)/ATG (obtained ATS/MTS)/TYCOM Staff/BUPERS/SPECWAR/Expeditionary/Rating Instructor (obtained MTS) (All screened billets)/FLC's (impact billet on the waterfront)/ASD (with documented impact)
- Completed PPME/JPME/SEJPME I and II/USMAP/SEA
- Served as SEL or DLCPO

Revised: December 2019

GSE CAREER PATH SELECTED RESERVE (SELRES)

GSEs are Gas Turbine Technicians (Electrical). GSEs operate, repair, and perform organizational and intermediate maintenance on electrical components of gas turbine engines, main propulsion machinery, auxiliary equipment, propulsion control systems, and assigned electrical and electronic circuitry up to the printed circuit and alarm warning circuitry.

| YEARS OF SERVICE | CAREER MILESTONES | AVERAGE TIME TO PROMOTE | COMMISSIONING OR OTHER SPECIAL PROGRAMS | SEA/SHORE FLOW | TYPICAL CAREER PATH DEVELOPMENT |
|---------------------|--------------------------------------|-------------------------------|--|-------------------|---|
| 28-30 | GSCM | 22.5 Yrs | CSEL | N/A | Billet: CSEL Duty: NSYD, NCAPS, PHIB, Ship, Squadron Qualification: MGTI. |
| 25-28 | GSCM | 22.5 Yrs | CSEL | N/A | Billet: CSEL Duty: NSYD, NCAPS, PHIB, Ship, Squadron Qualification: EOOW, ETT Coordinator. |
| 21-25 | GSCM GSCS | 22.5 Yrs 18.5 | CWO, CSEL | N/A | Billet: CSEL, LCPO, Curr. Dev., Lead Technician. Duty: NSYD, NCAPS, PHIB, Ship, Squadron Qualification: ATS, MTS, MGTI. |

| 14-17 | GSEC GSE1 | 14.3 Yrs 7.6 | LDO, CWO | N/A | Billet: Instructor, Maintainer Duty: NSYD, NCAPS, PHIB, Ship, Squadron Qualification: ATS, MTS, MGTI. |
| 9-14 | GSE1 GSE2 | 7.6 Yrs 6.4 | LDO | N/A | Billet: Technician, LPO. Duty: NSYD, NCAPS, PHIB, Ship, Squadron Qualification: Prop Plant Mgr (4206), EAWS, ESWS, Engine Room Operator (ERO), PACC, EPCC, EOOW, ETT. |
| 6-9 | GSE1 GSE2 GSE3 | 7.6 Yrs 6.4 3.1 | STA-21, OCS, MECP, NAVAL ACADEMY, NROTC, | N/A | Billet: Instructor, Maintenance Technician. Duty: NSYD, NCAPS, PHIB, Ship, Squadron Qualification: MTS, ATS, Inspector. |
| 2-6 | GSE2 GSE3 | 6.4 Yrs 3.1 | STA-21, OCS, MECP, NAVAL ACADEMY, NROTC, | N/A | Billet: Maintenance Technician Duty: NSYD, NCAPS, PHIB, Ship, Squadron Qualification: WCS, ESWS, ERO, EAWS. |
| 1+/- | GSEFN GSEFA Accession Training | 9 Months | | | Recruit Training, "A" and "C" Schools. |

Revised: August 2019

GSE CAREER PATH SELECTED RESERVE (SELRES)

Notes:

- 1. "A" School is required for this rating.
- 2. This is a compressed rating, GSE and GSM ratings merge at the E-8 level to GSCS.
- 3. SELRES GSE's should show diversity in billets throughout their careers and include Active Duty for Training (ADT), Active Duty for Special Work (ADSW), and mobilizations in support Sea, Shore and Expeditionary Commands.
- 4. When able, SELRES Sailors should try to earn a warfare qualification.
- 5. Rating NECs:
- U03A CG-47 Gas Turbine Electrical Maintenance Technician
- U05A DDG-51 FLT I-II Gas Turbine Electrical Maintenance Technician
- U07A Marine Gas Turbine Inspector
- U08A NAMTS Gas Turbine Repair Technician
- U09A CG Smart Ship Engineering Control System Equipment (ECSE) Operator and Maintenance Technician
- U11A NAMTS Gas Turbine (Electrical) Repair Technician
- U24A MCM Propulsion Technician
- U39A NAMTS Outside Electrical Repair Technician

Consideration for advancement:

E7 Selection Board. Highly competitive candidates for selection as a Chief Petty Officer have met many or all of the following milestones:

- Warfare qualified (Based on billet and opportunity)
- FCPO involvement
- Unit LPO or DLPO
- Command collateral (e.g., CFL, Unit CCC, etc.)

E8 Selection Board. Highly competitive candidates for selection as a Chief Petty Officer have met many or all of the following milestones:

- Warfare qualified (Based on billet and opportunity)
- CPOA involvement
- Sailor 360/CPO Initiation committee lead
- Unit LCPO or DLCPO of large command
- CSEL Billet

E9 Selection Board. Highly competitive candidates for selection as a Chief Petty Officer have met many or all of the following milestones:

- Warfare qualified (Based on billet and opportunity)
- CPOA involvement
- Sailor 360/CPO Initiation committee lead
- Unit LCPO or DLCPO of large command
- CSEL Billet
- Graduate of Senior Enlisted Academy or other Service Equivalent

Revised: August 2019

Gas Turbine Systems Technician - Electrical Occupational and Readiness Standards (OaRS) to E4 NAVEDTRA 44047

NAME:

These Occupational and Readiness Standards (OaRS) may be used to validate minimum competencies for performing various rating-specific tasks in paygrade E4 in this rating. OaRS is based on the Occupational Standards (OCCSTDs) for the rating/paygrade. An E4 should possess the minimum competencies of their rating/paygrade, whereby OaRS may provide benefits as a tool to train towards and track those competencies achieved.

OaRS does not address ship/unit/system specific standards, which may be covered within Personnel Qualification Standards (PQS), Job Qualification Requirements (JQR), or local training/qualification programs. OaRS addresses the overall rating at the E4 level, not the Sailor's position, billet, or duty assignment.

Generally, each OaRS task area encompasses one or more occupational standards on the same or similar subjects and is written in on-the-job rating language. Completion indicates the Sailor can perform the tasks or can articulate knowledge of the tasks. If circumstances exist that limits a Sailor's ability to effectively demonstrate any OaRS task element due to equipment configuration, mission, or operational status, the Sailor can seek training or understanding from his/her peers, leadership, or refer to technical manuals.

OaRS completion is voluntary and is not designed to replace other qualification programs (e.g. PQS, JQR). OaRS items that duplicate "sign off" items in these types of programs can be signed off if they have already been signed off under any of these types of programs.

Task signatures are completed between the Sailor and the Sailor's supervisor, Leading Petty Officer (LPO) or E5 or above designee. Task sections are signed off by the Division Leading Chief or designee. Endorsement of completion of all OaRS tasks/sections are validated by the Division Officer, Department LCPO, Department Head, and Command Career Counselor (CCC).

AUXILIARY EQUIPMENT

| Task Objective | ** Supv Init | Date |
|---|--------------|------|
| Adjust electrically-operated valves | | |
| Adjust power supplies | | |
| Align compressed air systems | | |
| Align main switchboards | | |
| Align pumps (e.g., seawater, main, Lube Oil (LO), Fuel Oil (FO)) | | |
| Align steering control consoles (e.g., aft, bridge console) | | |
| Align waste oil systems | | |
| Calibrate Tank Level Indicators (TLI) | | |
| Repair automatic control valves | | |
| Repair electrically-operated valves | | |
| Repair heat stress sensors | | |
| Repair pressure/temperature transducers | | |
| Repair solenoid valves | | |
| Repair switches (e.g. electrical, pressure, temperature, micro, etc.) | | |
| Repair Tank Level Indicators (TLI) | | |
| Repair temperature regulating devices (e.g. heaters, thermostats, temp switch) | | |
| Replace compressed air systems | | |
| Troubleshoot automatic control valves | | |
| Troubleshoot electrical motors | | |
| Troubleshoot pressure/temperature transducers | | |
| Troubleshoot Program Logic Controller (PLC) | | |
| Troubleshoot solenoid valves | | |
| Troubleshoot Tank Level Indicators (TLI) | | |
| Troubleshoot temperature regulating devices (e.g., heaters, thermostats, temp switch, etc.) | | |

| | |

Once an individual Sailor's Occupational and Readiness Standards (OaRS) have been completed and endorsed by the Command Career Counselor (CCC), documentation of completed OaRS by the Command Pay and Personnel Administrator (CPPA), Training Officer, or other authorized command representative will be via Navy Standard Integrated Personnel System (NSIPS) within the Personnel Qualifications section, or Advanced Skills Management (ASM) within the Qual/Cert Records tab. Entries will generate an Enlisted Service Record (ESR) and Electronic Training Jacket (ETJ) entry. These entries provide Sailors with electronic documentation of OaRS completion as well as Command and Navy stakeholders ability to monitor the execution of OaRS.

Gas Turbine Systems Technician - Electrical Fireman Recruit to Fireman

NAME:

SKILL TRAINING

(Schools, courses and assignments directly related to occupation)

REQUIRED SKILL TRAINING

| Course Title | Course Location | CIN/CSE ID | Course Length | Date Completed |
|--------------------------------|-----------------|-------------------------|------------------|----------------|
| EPACT ¹ | Great Lakes | A-652-0012 CDP 04V1 | 25 days | |
| BECC Advanced ¹ | Great Lakes | A-652-0011 CDP 04VUZ | 18 days | |
| GS Strand ¹ | Great Lakes | A-652-0053 | 12 days | |
| Electrical strand ¹ | Great Lakes | A-662-0002 CDP 02Y0 | 10 days | |

^{1 -} Reserve opportunities may exist, contact Reserve Forces Code N7 for authorization.

RECOMMENDED SKILL TRAINING

| Course Title | Course Location | CIN/CSE/ACE ID | Course Length | Date Completed |

CREDENTIALING

Navy Credentialing Opportunities On-Line (Navy COOL): Navy COOL assists Sailors (active & reserve) by funding the certification & licensing exams that map their Navy education, training, experience, and competencies to industry/civilian-recognized credentials and occupational equivalents. Sailors may obtain funding for credential examinations, renewals, maintenance fees, and other mandatory examination administrative fees.

The following certifications and licenses are applicable to the GSE-Gas Turbine System Technician Electrical rating. *They may require additional education, training or experience.*

For more information about these credentials, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Target Paygrade | Certifying Agency | Credential Title | Date Completed |

Out of Rate Certifications and Licensure

Academic Degrees - You are now eligible for credentials towards an earned academic degree.

Cross-Rated Sailors - If you have cross-rated, you now are eligible for credentials related to your prior rating.

Off-Duty or Command-Sponsored Training – You are now eligible for credentials for documented training that fully prepares you for a credential.

Navy Reservists – You may now be eliqible for funding of credentials related to your civilian occupation.

Prior Other-Service Enlisted Occupation - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials related to prior other-Service (Army, Air Force, Marine Corps, Coast Guard) enlisted occupation.

Collateral Duty/Out of Rate Assignments - Credentials are also available in these collateral duties/out of rate assignments in which you are serving in or have served in.

Credentials Earned & Maintained Prior to Joining the Navy - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials that were earned, and maintained, prior to your enlistment in the Navy. The certification or license must have relevance to the needs of the Navy, and must appear on Navy COOL, although it does not need to show the Navy Bucks icon to be funded.

* See the Additional Funding Opportunities section on any rating page on Navy COOL for further details.

United Services Military Apprenticeship Program (USMAP): USMAP is available to most active duty occupations and is certified by the U.S. Department of Labor. This is the largest apprenticeship program operating in the U.S. and is recognized by all 50 states. Completion of one of these programs would qualify you as a journeyman, which could mean a significantly higher starting salary in the civilian work force. Most programs require 5-8 years to complete but are transferable if you decide to leave the service prior to completion. USMAP opportunities also exist for SELRES with orders over 12 months.

The following USMAP apprenticeships are applicable to the GSE-Gas Turbine System Technician Electrical rating.

For more information about these apprenticeships, visit USMAP at https://usmap.osd.mil/index.htm.

| Apprenticeship | Date Completed |
|--|-------------------|
| Computer Operator | |
| Electrician, Maintenance | |
| Hydroelectric-Machinery Mechanic (Utilities) | |
| Industrial Maintenance Mechanic | |
| Power-Plant Operator | |

POST MILITARY OCCUPATIONS

The following post military occupations are similar to the GSE-Gas Turbine System Technician Electrical Rating. For more information about these occupations, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Occupation (Civilian Employer) |
|---|
| Control and Valve Installers and Repairers, Except Mechanical Door |
| Cooling and Freezing Equipment Operators and Tenders |
| Electric Motor, Power Tool, and Related Repairers |
| Electrical and Electronic Engineering Technologists and Technicians |
| Electrical and Electronic Equipment Assemblers |
| Electrical and Electronics Installers and Repairers, Transportation Equipment |
| Electrical and Electronics Repairers, Commercial and Industrial Equipment |
| Electrical and Electronics Repairers, Powerhouse, Substation, and Relay |
| Electrical Power-Line Installers and Repairers |
| Electricians |
| Electronic Equipment Installers and Repairers, Motor Vehicles |
| First-Line Supervisors of Mechanics, Installers, and Repairers |
| HelpersInstallation, Maintenance, and Repair Workers |
| Home Appliance Repairers |
| Industrial Machinery Mechanics |
| Maintenance and Repair Workers, General |
| Power Plant Operators |
| Stationary Engineers and Boiler Operators |
| |

| Occupation (Federal Employer) |
|--|
| 2602 - Electronic Measurement Equipment Mechanic |
| 2604 - Electronics Mechanic |
| 2606 - Electronic Industrial Controls Mechanic |
| 2608 - Electronic Digital Computer Mechanic |
| 2610 - Electronic Integrated Systems Mechanic |
| 2805 - Electrician |
| 2810 - High Voltage Electrician |
| 2854 - Electrical Equipment Repairing |
| 2892 - Aircraft Electrician |
| 4749 - Maintenance Mechanic |
| 5318 - Lock and Dam Repairing |
| 9939 - Chief Electrician |
| 9940 - Electrician |
| 9941 - Electrician-Maintenance |
| 9942 - Second Electrician |
| 9943 - Third Electrician |
| 9944 - Electronics Technician |
| 9956 - Engineman |

STAY NAVY

AC to AC and FTS to FTS - Continue Navy career on Active Duty.

E6 and below with less than 14 years of service will require a C-Way Application to be approved for reenlistment or extension.

Once C-Way application is approved, the Sailor should request to Reenlist or Extend with the appropriate form.

| REENLIST / EXTEND: Request Chit/Form | 11 | | |
|--|-----------------|-----------|--|

RC to AC/FTS

See MILPERSMAN 1306-1505: Sailors may complete a component change from the Reserve Component (RC) to AC (RC2AC/FTS). This not only leverages existing skill sets that reside in the RC population to improve and maintain AC community health, but also provides qualified Sailors with an opportunity to resume or begin a career in the AC/FTS. This component change refers to a permanent transfer from RC2AC/FTS. This voluntary program enables qualified, eligible enlisted RC Sailors to submit applications in Career Waypoints (C-WAY) based on available quotas published on the Bureau of Naval Personnel (BUPERS), Enlisted Community Manager (BUPERS-32) Web page at: https://www.public.navy.mil/bupersnpc/enlisted/community/selres/Pages/EnlistedReserveOpportunities.aspx.

If you have any questions or concerns, contact your unit or NOSC career counselor.

RC to RC - Continue your Navy career as a Reservist.

Submit reenlistment request utilizing NAVRES 1160/1 Drilling Reservist Reenlistment Worksheet.

REENLIST / EXTEND: Request Chit/Form:

School as a Reenlistment Incentive:

Command Recommendation (evaluation): Bonus: Ceremony:

AC/FTS to CIP

The Career Intermission Program allows Officers and Enlisted Sailors to transfer out of the active component (AC/FTS) and into the Individual Ready Reserve for a period of one to three years to pursue personal or professional obligations outside the Navy, while providing a means for their seamless return to active duty.

For additional information, go to: https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/IRR/Pages/CIP.aspx.

AC/FTS to Secretary of the Navy Tours with Industry

This program provides a venue for exceptional Sailors to experience innovative business practices. Navy fellows are fully immersed in company practices and will be actively engaged in projects and company operations. Past fellows were assigned to companies including VMware, Qualcomm, Apple, Incorporation, Boeing, Tesla, Oak Ridge National Laboratory, GE Digital, Amazon, FedEx, Northrup Grumman, Space X, LinkedIn and USAA.

For additional information go to: https://www.public.navy.mil/bupers-npc/career/talentmanagement/Pages/SNTWI.aspx.

Canvasser Recruiter (CANREC)

The Canvasser Recruiter (CANREC) Recall Program is a voluntary and temporary recall program for RC personnel to serve as production recruiters in support of the Navy Prior Service recruiting mission. Personnel eligible to volunteer for a Definite (also termed as "temporary") Recall to Active Duty (ACDU) as a CANREC are Reserve Component (RC) members, specifically Selected Reserve (SELRES), Individual Ready Reserve (IRR-ASP), and Voluntary Training Unit (VTU) personnel. For additional information, go to:

https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/definiterecall/Pages/CANRECRecall.aspx.

Career Waypoints-Reenlistment:

The Command Career Counselor is your local advocate to assist you with the Career Waypoints application process.

- E3-E6 Sailors with less than 14 years of service must submit a Career Waypoints application, regardless of reenlistment intentions. Sailors who do not desire to reenlist will submit an "intends to separate" application. Sailors not eligible for reenlistment will submit a "not eligible" application.
- The Career Waypoints system automatically generates most of the applications needed by Sailors. Applications must be submitted no later than 16 months prior to expiration of active/reserve obligated service (EAOS/EOS) or as extended (SEAOS/SEOS). Sailors with less than 24 months of contract time remaining at their projected rotation date (PRD) will submit an application 15 months prior to their PRD. In either case, the Career Waypoints system will automatically generate

applications for Sailors 18 months prior to either timeframe. Applications required outside of the established C-Way gates can be submitted as Special Circumstance applications. Examples of when these may be needed include OBLISERVE for special duty, decommissioning or homeport shift.

- The C-Way 3-2-1 Process aligns career decisions with the detailing process. Soft End of Active/Reserve Obligated Service (SEAOS/SEOS)/End of Active/Reserve Obligated Service (EAOS/EOS) applications are created by C-Way at the 18 month from S/EAOS/EOS mark and must be submitted by the Command Career Counselor at the 16 month mark. This provides time for the Career Counselor to validate the Sailor's information and to ascertain the Sailors career intentions. The first C-Way review gate occurs from 16 to 13 months from S/EAOS/EOS with career choice options of in-rate, conversion, and Selected Reserve. The second review gate occurs from 12 to 9 months from S/EAOS/EOS with career choice options of conversion and Selected Reserve. From 8 months to 4 months to S/EAOS/EOS the Sailor can only choose Selected Reserve affiliation.
- Monthly reenlistment quotas are limited and must be reserved for our best and brightest Sailors who desire to Stay Navy.
 Sailors must choose one of the following based on their desires and qualifications:
 - Reenlist-in-Rate
 - · Reenlist-in-rate, Willing to Convert
 - · Convert only
 - · AC to AC or FTS to FTS
 - RC to AC/FTS
 - RC to RC
 - AC/FTS to CIP (Intermission)
 - AC/FTS to Tour w/ Industry
 - SELRES option
 - · Canvasser Recruiter
 - Intend to separate
 - Not eligible

In February 2014, C-Way delivered auto-approval capabilities to provide reenlistment decisions on S/EAOS/EOS applications more quickly for eligible ratings. This changed the monthly processing of reenlistment applications as described below.

- If you are in an, "open" rating or a "balanced" rating in an undermanned year group or an E6, you are eligible for reenlistment, and your application is submitted with correct data it will be auto-approved and returned immediately, and you can reenlist.
- If you are in a "competitive" rating or a balanced rating but not an undermanned year group, then your application will be
 processed through the monthly Rack and Stack process. Applications submitted in one month are processed in Rack and
 Stack the following month.
- For Nuclear ratings, all applications are reviewed by enlisted community managers on an ongoing basis throughout the processing month.
- If required data is missing (evaluations, Physical Fitness Assessment (PFA) data, security clearance etc.) the application
 will be denied with a note to your career counselor regarding what needs to be fixed. It is critical the Command Career
 Counselor reviews these notes to ensure Sailors are not disadvantaged in their opportunities for retention.
- Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoint system.
- For additional guidance, see MILPERSMAN 1160-140, NAVADMIN 231/17, and your Career Counselor Or call My Navy Call Center: (833) 330-MNCC or (901) 874-MNCC; or askmncc@navy.mil

Targeted Reentry Program (TRP)

NAVADMIN 047/18 empowers COs with the ability to identify and recommend SELRES on active duty/Definite Recall (ACDU) and Full Time Support (FTS) enlisted personnel, who are the best and brightest, the option for expedited reentry to Active Duty in the Navy.

- Golden Ticket Sailors are guaranteed an expedited return to ACDU within one year from separation from ACDU. Sailors
 who do not use their Golden Ticket within one year are automatically convert to a Silver Ticket for one additional year.
 Sailors must remain fully qualified.
- Silver Ticket Sailors are afforded an expedited return to ACDU within two years from separation date. This opportunity is subject to Needs of the Navy (NOTN) and provided the Sailor remains fully qualified.

Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoints system.

For additional guidance, see MILPERSMAN 1001-260, NAVADMIN 231/17, and your Career Counselor Or call My Navy Call Center: (833) 330-MNCC or (901) 874-MNCC; or askmncc@navy.mil

^{2 -} Personnel with less than 3 years of time-in-service must also complete Antiterrorism Level 1 training. For personnel with greater than 3 years of time-in-service, Antiterrorism Level 1 periodicity is now a triennial requirement and will be mandated for all hands in FY-22.

^{3 -} Does not have a mandatory periodicity but is required at career touch points per CNO WASHINGTON DC/191539ZJUL16.

Courses with Recommended Reserve Points:

Commander Navy Reserve Forces (CNRF) N7 determines the number of reserve points awarded for completion of a course taken on Navy e-Learning. This listing should only be used as a guide and is subject to change by direction of CNFR N7.

Navy e-Learning has no control over how many, if any, reserve points are eventually awarded for the completion of a course. All questions concerning the award of reserve points should be directed to CNFR N7.

E1/E2/E3 RECOMMENDED RESERVE PME:

| Course Title | Course Location | CIN/CSE ID | Course Length | Date Completed |

MILGEARS

MilGears (https://milgears.osd.mil/) has been developed to serve Sailors while they serve, as they transition, and beyond. Whether you're committed to completing a single enlistment term or plan to retire from the military, everyone gets out eventually. MilGears exists to help you plan in advance for that time by highlighting future possibilities and helping you visualize how to reach those goals. Tools on MilGears analyze your unique history - your military duties and training, civilian education and credentialing, and apprenticeships - to provide customized results.

Key features include:

- No PII is stored on the MilGears servers it does not save or collect any of your information.
- The ability for you to save an encrypted file to save your progress and return to the tool at any time.
- Auto-filling of tools based on uploaded service history document (ETJ, JST, or VMET).
- An easy-to-read PDF summary of your military history that you can keep as a reference.

Of the several tools found on MilGears, the two most common that Sailors would use are the **Engage My Career Tool** and the **Quick Explorer Tool**.

ENGAGE MY CAREER TOOL

The Engage My Career (EMC) Tool, available from the MilGears home page, analyzes your unique history to provide customized results. The EMC Tool looks at what you've done in the military to date by guiding you through a series of questions that collect information such as: your rating, pay grade, duty station history, training, NECs, qualifications (applicable to Mariner careers), and civilian education or credentials. The EMC Tool then takes this information and helps you determine your best path forward by showing you the possible occupation options you may be eligible for based on your current experience.

Customized output includes:

- Civilian occupations that may be attainable or nearly attainable.
- Apprenticeships, certifications, and education that can help you fill training gaps or that could make you more competitive in the job market.
- How You Stack Up a detailed view of how you compare to the typical requirements for civilian occupations and credentials.
- Next Steps recommendations to fill gaps to enter an occupational field.

QUICK EXPLORER TOOL

The Quick Explorer Tool, available from the MilGears home page, allows Service members to explore occupations without uploading personal information.

The following areas are available for exploration:

- Credentials explore pathways related to a specific credential such as a degree, a certification, a USMAP apprenticeship or a federal license.
- Career Goals explore pathways based on career goals through job family, industry and more.
- Military Occupation explore pathways by MOC to view 'best-fit' pathways based your military occupation. Pathways include academic, industry, apprenticeship, cross-rate opportunities, and post-service employment opportunities.
- Interests answer a series of questions designed to discover your personal interests and connect them to career pathways.

NAVY PROFESSIONAL READING PROGRAM (PRP)

The purpose of the Chief of Naval Operations Professional Reading Program (CNO PRP), maintained by CNO PRP program managers at the U.S. Naval War College, is to facilitate the professional and personal development of all Sailors. For additional information on the CNO PRP visit https://www.navy.mil/CNO-Professional-Reading-Program/

| Cannonball! - Yates | Overcome - Redman | The Good Shepherd - Forester | | |
| Class 11 - Waters | Perform Under Pressure - Evans | The Old Man's Trail - Campbell | | |
| Descent Into Darkness - Raymer | Run Silent, Run Deep - Beach | Tragedy at Honda Point - Lockwood | | |
| Duty: A Memoir - Gates | Shoot the Women First - MacDonald | We Die Alone - Howarth | | |

Nearly 200 years ago, the Navy ordered its ships be outfitted with a reading list of 37 books in order to help train and educate Sailors. The Navy's leaders knew then what is still the case today: to outthink our competitors we must study and apply lessons we've learned from our past. Furthermore, it is critically important for our Navy to be a learning organization. And one of the very best ways to do that is to foster an environment where every Sailor deepens their level of understanding and learning.

That is why we launched an updated Chief of Naval Operations Professional Reading Program (CNO-PRP) reading list, with a motto of "Read Well to Lead Well."

RECORD REVIEW CHECKLIST

Review your Official Record to see what documentation, qualifications, etc. may be missing or requiring an update. This is a great opportunity to meet with your Mentor, Leading Petty Officer or Leading Chief Petty Officer to understand the importance of keeping your record up-to-date. Check the following three major sections to verify your Official Record:

- a. **BUPERS Online**: BUPERS Online (https://www.bol.navy.mil) is your main tool to ensure your record is up to date and helps you to be proactive in making the most of your promotion opportunity. You should review your:
 - 1. Official Military Personnel File (OMPF): All active duty and reserve personnel having a BOL account, a CAC (with appropriate certificates) and a CAC-enabled computer can now view their OMPF online by selecting the OMPF option on the BOL main menu page. This is the preferred method of obtaining OMPF information to eliminate the unnecessary time-lags caused by waiting days or weeks to receive a requested CD ROM.
 - If Deployed: Click on "Request Record on CD" to order your Official Military Personnel File (OMPF). This must be
 accomplished four to six months before a board convenes, which will allow time for delivery and updating of your
 record if required.
 - 3. Check your **Performance Summary Record (PSR)** and **Enlisted Summary Record (ESR)** on https://www.bol.navy.mil, click on the "ODC, OSR, PSR, ESR" link.
- b. **Electronic Service Record (ESR)** Self-Service ESR: This can be viewed at https://nsips.nmci.navy.mil or on the Navy Standard Integrated Personnel System (NSIPS) ESR server onboard ship.
- c. **Electronic Training Jacket (ETJ)**: Log in to My Navy Portal (MNP) and review your entire ETJ making sure that each section is correct. If not, clicking on "*Data Problems*" at the bottom of each page which will guide you on how to make corrections or updates.
- d. **US Navy Awards website**: Log in to https://awards.navy.mil/ to review any awards you may qualify for but were unaware of. Note that this website is only available from a CAC enabled, NMCI machine.
- e. **Physical Readiness Information Management System (PRIMS)**: To log in to PRIMS, first log in to BUPERS Online at https://www.bol.navy.mil. Then look half way down the page for the PRIMS login at https://www.bol.navy.mil/bam/.
- f. **EOSH**: The Federal Agency Employee Occupational Safety and Health (EOSH) Toolkit is available at https://www.osha.gov/dep/fap/eosh_toolkit.html. It provides a one-stop-shop website that includes "just in time" information about maintaining a safe and healthful workplace.

CREDENTIALING

Navy Credentialing Opportunities On-Line (Navy COOL): Navy COOL assists Sailors (active & reserve) by funding the certification & licensing exams that map their Navy education, training, experience, and competencies to industry/civilian-recognized credentials and occupational equivalents. Sailors may obtain funding for credential examinations, renewals, maintenance fees, and other mandatory examination administrative fees.

The following certifications and licenses are applicable to the GSE-Gas Turbine System Technician Electrical rating. *They may require additional education, training or experience.*

For more information about these credentials, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Target Paygrade | Certifying Agency | Credential Title | Date Completed |
|--------------------|--|---|-------------------|
| E7 | American Society for Quality (ASQ) | Certified Calibration Technician (CCT) | |

Out of Rate Certifications and Licensure

Academic Degrees – You are now eligible for credentials towards an earned academic degree.

Cross-Rated Sailors – If you have cross-rated, you now are eligible for credentials related to your prior rating.

Off-Duty or Command-Sponsored Training – You are now eligible for credentials for documented training that fully prepares you for a credential.

Navy Reservists – You may now be eligible for funding of credentials related to your civilian occupation.

Prior Other-Service Enlisted Occupation - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials related to prior other-Service (Army, Air Force, Marine Corps, Coast Guard) enlisted occupation.

Collateral Duty/Out of Rate Assignments - Credentials are also available in these collateral duties/out of rate assignments in which you are serving in or have served in.

Credentials Earned & Maintained Prior to Joining the Navy - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials that were earned, and maintained, prior to your enlistment in the Navy. The certification or license must have relevance to the needs of the Navy, and must appear on Navy COOL, although it does not need to show the Navy Bucks icon to be funded.

* See the Additional Funding Opportunities section on any rating page on Navy COOL for further details.

Leader Credentialing: The following certifications and licenses are applicable to enlisted Leaders (E4 and above). *They may require additional education, training or experience.*

| Certifying Agency | Credential Title | Date Completed |

United Services Military Apprenticeship Program (USMAP): USMAP is available to most active duty occupations and is certified by the U.S. Department of Labor. This is the largest apprenticeship program operating in the U.S. and is recognized by all 50 states. Completion of one of these programs would qualify you as a journeyman, which could mean a significantly higher starting salary in the civilian work force. Most programs require 5-8 years to complete but are transferable if you decide to leave the service prior to completion. USMAP opportunities also exist for SELRES with orders over 12 months.

The following USMAP apprenticeships are applicable to the GSE-Gas Turbine System Technician Electrical rating.

For more information about these apprenticeships, visit USMAP at https://usmap.osd.mil/index.htm.

| Apprenticeship | Date Completed |
|--|-------------------|
| Computer Operator | |
| Electrician, Maintenance | |
| Hydroelectric-Machinery Mechanic (Utilities) | |
| Industrial Maintenance Mechanic | |
| Power-Plant Operator | |

POST MILITARY OCCUPATIONS

The following post military occupations are similar to the GSE-Gas Turbine System Technician Electrical Rating. For more information about these occupations, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Occupation (Civilian Employer) |
|---|
| Control and Valve Installers and Repairers, Except Mechanical Door |
| Cooling and Freezing Equipment Operators and Tenders |
| Electric Motor, Power Tool, and Related Repairers |
| Electrical and Electronic Engineering Technologists and Technicians |
| Electrical and Electronic Equipment Assemblers |
| Electrical and Electronics Installers and Repairers, Transportation Equipment |
| Electrical and Electronics Repairers, Commercial and Industrial Equipment |
| Electrical and Electronics Repairers, Powerhouse, Substation, and Relay |
| Electrical Power-Line Installers and Repairers |
| Electricians |
| Electronic Equipment Installers and Repairers, Motor Vehicles |
| First-Line Supervisors of Mechanics, Installers, and Repairers |
| HelpersInstallation, Maintenance, and Repair Workers |
| Home Appliance Repairers |
| Industrial Machinery Mechanics |
| Maintenance and Repair Workers, General |
| Power Plant Operators |
| Stationary Engineers and Boiler Operators |
| |

| Occupation (Federal Employer) |
|--|
| 2602 - Electronic Measurement Equipment Mechanic |

| 2606 - Electronic Industrial Controls Mechanic |
| 2608 - Electronic Digital Computer Mechanic |
| 2610 - Electronic Integrated Systems Mechanic |
| 2805 - Electrician |
| 2810 - High Voltage Electrician |
| 2854 - Electrical Equipment Repairing |
| 2892 - Aircraft Electrician |
| 4749 - Maintenance Mechanic |
| 5318 - Lock and Dam Repairing |
| 9939 - Chief Electrician |
| 9940 - Electrician |
| 9941 - Electrician-Maintenance |
| 9942 - Second Electrician |
| 9943 - Third Electrician |
| 9944 - Electronics Technician |
| 9956 - Engineman |

STAY NAVY

AC to AC and FTS to FTS - Continue Navy career on Active Duty.

E6 and below with less than 14 years of service will require a C-Way Application to be approved for reenlistment or extension.

Once C-Way application is approved, the Sailor should request to Reenlist or Extend with the appropriate form.

| REENLIST / EXTEND: Request Chit/Form | 11 | | |
|--|-----------------|-----------|--|

RC to AC/FTS

See MILPERSMAN 1306-1505: Sailors may complete a component change from the Reserve Component (RC) to AC (RC2AC/FTS). This not only leverages existing skill sets that reside in the RC population to improve and maintain AC community health, but also provides qualified Sailors with an opportunity to resume or begin a career in the AC/FTS. This component change refers to a permanent transfer from RC2AC/FTS. This voluntary program enables qualified, eligible enlisted RC Sailors to submit applications in Career Waypoints (C-WAY) based on available quotas published on the Bureau of Naval Personnel (BUPERS), Enlisted Community Manager (BUPERS-32) Web page at: https://www.public.navy.mil/bupersnpc/enlisted/community/selres/Pages/EnlistedReserveOpportunities.aspx.

If you have any questions or concerns, contact your unit or NOSC career counselor.

RC to RC - Continue your Navy career as a Reservist.

Submit reenlistment request utilizing NAVRES 1160/1 Drilling Reservist Reenlistment Worksheet.

REENLIST / EXTEND: Request Chit/Form:

School as a Reenlistment Incentive:

MyNavy Assignments (MNA):

Medical/Dental Screening:

Command Recommendation (evaluation): Bonus: Ceremony:

AC/FTS to CIP

The Career Intermission Program allows Officers and Enlisted Sailors to transfer out of the active component (AC/FTS) and into the Individual Ready Reserve for a period of one to three years to pursue personal or professional obligations outside the Navy, while providing a means for their seamless return to active duty.

For additional information, go to: https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/IRR/Pages/CIP.aspx.

AC/FTS to Secretary of the Navy Tours with Industry

This program provides a venue for exceptional Sailors to experience innovative business practices. Navy fellows are fully immersed in company practices and will be actively engaged in projects and company operations. Past fellows were assigned to companies including VMware, Qualcomm, Apple, Incorporation, Boeing, Tesla, Oak Ridge National Laboratory, GE Digital, Amazon, FedEx, Northrup Grumman, Space X, LinkedIn and USAA.

For additional information go to: https://www.public.navy.mil/bupers-npc/career/talentmanagement/Pages/SNTWI.aspx.

Canvasser Recruiter (CANREC)

The Canvasser Recruiter (CANREC) Recall Program is a voluntary and temporary recall program for RC personnel to serve as production recruiters in support of the Navy Prior Service recruiting mission. Personnel eligible to volunteer for a Definite (also termed as "temporary") Recall to Active Duty (ACDU) as a CANREC are Reserve Component (RC) members, specifically Selected Reserve (SELRES), Individual Ready Reserve (IRR-ASP), and Voluntary Training Unit (VTU) personnel. For additional information, go to:

https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/definiterecall/Pages/CANRECRecall.aspx.

Career Waypoints-Reenlistment:

The Command Career Counselor is your local advocate to assist you with the Career Waypoints application process.

- E3-E6 Sailors with less than 14 years of service must submit a Career Waypoints application, regardless of reenlistment intentions. Sailors who do not desire to reenlist will submit an "intends to separate" application. Sailors not eligible for reenlistment will submit a "not eligible" application.
- The Career Waypoints system automatically generates most of the applications needed by Sailors. Applications must be submitted no later than 16 months prior to expiration of active/reserve obligated service (EAOS/EOS) or as extended (SEAOS/SEOS). Sailors with less than 24 months of contract time remaining at their projected rotation date (PRD) will submit an application 15 months prior to their PRD. In either case, the Career Waypoints system will automatically generate

applications for Sailors 18 months prior to either timeframe. Applications required outside of the established C-Way gates can be submitted as Special Circumstance applications. Examples of when these may be needed include OBLISERVE for special duty, decommissioning or homeport shift.

- The C-Way 3-2-1 Process aligns career decisions with the detailing process. Soft End of Active/Reserve Obligated Service (SEAOS/SEOS)/End of Active/Reserve Obligated Service (EAOS/EOS) applications are created by C-Way at the 18 month from S/EAOS/EOS mark and must be submitted by the Command Career Counselor at the 16 month mark. This provides time for the Career Counselor to validate the Sailor's information and to ascertain the Sailors career intentions. The first C-Way review gate occurs from 16 to 13 months from S/EAOS/EOS with career choice options of in-rate, conversion, and Selected Reserve. The second review gate occurs from 12 to 9 months from S/EAOS/EOS with career choice options of conversion and Selected Reserve. From 8 months to 4 months to S/EAOS/EOS the Sailor can only choose Selected Reserve affiliation.
- Monthly reenlistment quotas are limited and must be reserved for our best and brightest Sailors who desire to Stay Navy.
 Sailors must choose one of the following based on their desires and qualifications:
 - Reenlist-in-Rate.
 - · Reenlist-in-rate, Willing to Convert
 - · Convert only
 - · AC to AC or FTS to FTS
 - RC to AC/FTS
 - RC to RC
 - · AC/FTS to CIP (Intermission)
 - AC/FTS to Tour w/ Industry
 - SELRES option
 - · Canvasser Recruiter
 - Intend to separate
 - Not eligible

In February 2014, C-Way delivered auto-approval capabilities to provide reenlistment decisions on S/EAOS/EOS applications more quickly for eligible ratings. This changed the monthly processing of reenlistment applications as described below.

- If you are in an, "open" rating or a "balanced" rating in an undermanned year group or an E6, you are eligible for reenlistment, and your application is submitted with correct data it will be auto-approved and returned immediately, and you can reenlist.
- If you are in a "competitive" rating or a balanced rating but not an undermanned year group, then your application will be
 processed through the monthly Rack and Stack process. Applications submitted in one month are processed in Rack and
 Stack the following month.
- For Nuclear ratings, all applications are reviewed by enlisted community managers on an ongoing basis throughout the processing month.
- If required data is missing (evaluations, Physical Fitness Assessment (PFA) data, security clearance etc.) the application
 will be denied with a note to your career counselor regarding what needs to be fixed. It is critical the Command Career
 Counselor reviews these notes to ensure Sailors are not disadvantaged in their opportunities for retention.
- Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoint system.
- For additional guidance, see MILPERSMAN 1160-140, NAVADMIN 231/17, and your Career Counselor Or call My Navy Call Center: (833) 330-MNCC or (901) 874-MNCC; or askmncc@navy.mil

Targeted Reentry Program (TRP)

NAVADMIN 047/18 empowers COs with the ability to identify and recommend SELRES on active duty/Definite Recall (ACDU) and Full Time Support (FTS) enlisted personnel, who are the best and brightest, the option for expedited reentry to Active Duty in the Navy.

- Golden Ticket Sailors are guaranteed an expedited return to ACDU within one year from separation from ACDU. Sailors
 who do not use their Golden Ticket within one year are automatically convert to a Silver Ticket for one additional year.
 Sailors must remain fully qualified.
- Silver Ticket Sailors are afforded an expedited return to ACDU within two years from separation date. This opportunity is subject to Needs of the Navy (NOTN) and provided the Sailor remains fully qualified.

Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoints system.

For additional guidance, see MILPERSMAN 1001-260, NAVADMIN 231/17, and your Career Counselor Or call My Navy Call Center: (833) 330-MNCC or (901) 874-MNCC; or askmncc@navy.mil

^{1 -} Verify GMT topics on MyNavy Portal GMT webpage

^{2 -} Personnel with less than 3 years of time-in-service must also complete Antiterrorism Level 1 training. For personnel with greater than 3 years of time-in-service, Antiterrorism Level 1 periodicity is now a triennial requirement and will be mandated for all hands in FY-22.

^{3 -} Does not have a mandatory periodicity but is required at career touch points per CNO WASHINGTON DC/191539ZJUL16.

Courses with Recommended Reserve Points:

Commander Navy Reserve Forces (CNRF) N7 determines the number of reserve points awarded for completion of a course taken on Navy e-Learning. This listing should only be used as a guide and is subject to change by direction of CNFR N7.

Navy e-Learning has no control over how many, if any, reserve points are eventually awarded for the completion of a course. All questions concerning the award of reserve points should be directed to CNFR N7.

E4 RECOMMENDED RESERVE PME:

| Course Title | Course Location | CIN/CSE ID | Course Length | Date Completed |

MILGEARS

MilGears (https://milgears.osd.mil/) has been developed to serve Sailors while they serve, as they transition, and beyond. Whether you're committed to completing a single enlistment term or plan to retire from the military, everyone gets out eventually. MilGears exists to help you plan in advance for that time by highlighting future possibilities and helping you visualize how to reach those goals. Tools on MilGears analyze your unique history - your military duties and training, civilian education and credentialing, and apprenticeships - to provide customized results.

Key features include:

- No PII is stored on the MilGears servers it does not save or collect any of your information.
- The ability for you to save an encrypted file to save your progress and return to the tool at any time.
- Auto-filling of tools based on uploaded service history document (ETJ, JST, or VMET).
- An easy-to-read PDF summary of your military history that you can keep as a reference.

Of the several tools found on MilGears, the two most common that Sailors would use are the **Engage My Career Tool** and the **Quick Explorer Tool**.

ENGAGE MY CAREER TOOL

The Engage My Career (EMC) Tool, available from the MilGears home page, analyzes your unique history to provide customized results. The EMC Tool looks at what you've done in the military to date by guiding you through a series of questions that collect information such as: your rating, pay grade, duty station history, training, NECs, qualifications (applicable to Mariner careers), and civilian education or credentials. The EMC Tool then takes this information and helps you determine your best path forward by showing you the possible occupation options you may be eligible for based on your current experience.

Customized output includes:

- Civilian occupations that may be attainable or nearly attainable.
- Apprenticeships, certifications, and education that can help you fill training gaps or that could make you more competitive in the job market.
- How You Stack Up a detailed view of how you compare to the typical requirements for civilian occupations and credentials.
- Next Steps recommendations to fill gaps to enter an occupational field.

QUICK EXPLORER TOOL

The Quick Explorer Tool, available from the MilGears home page, allows Service members to explore occupations without uploading personal information.

The following areas are available for exploration:

- Credentials explore pathways related to a specific credential such as a degree, a certification, a USMAP apprenticeship or a federal license.
- Career Goals explore pathways based on career goals through job family, industry and more.
- Military Occupation explore pathways by MOC to view 'best-fit' pathways based your military occupation. Pathways include academic, industry, apprenticeship, cross-rate opportunities, and post-service employment opportunities.
- Interests answer a series of questions designed to discover your personal interests and connect them to career pathways.

NAVY PROFESSIONAL READING PROGRAM (PRP)

The purpose of the Chief of Naval Operations Professional Reading Program (CNO PRP), maintained by CNO PRP program managers at the U.S. Naval War College, is to facilitate the professional and personal development of all Sailors. For additional information on the CNO PRP visit https://www.navy.mil/CNO-Professional-Reading-Program/

| Cannonball! - Yates | Overcome - Redman | The Good Shepherd - Forester | | | |
| Class 11 - Waters | Perform Under Pressure - Evans | The Old Man's Trail - Campbell | | | |
| Descent Into Darkness - Raymer | Run Silent, Run Deep - Beach | Tragedy at Honda Point - Lockwood | | | |
| Duty: A Memoir - Gates | Shoot the Women First - MacDonald | We Die Alone - Howarth | | | |

Nearly 200 years ago, the Navy ordered its ships be outfitted with a reading list of 37 books in order to help train and educate Sailors. The Navy's leaders knew then what is still the case today: to outthink our competitors we must study and apply lessons we've learned from our past. Furthermore, it is critically important for our Navy to be a learning organization. And one of the very best ways to do that is to foster an environment where every Sailor deepens their level of understanding and learning.

That is why we launched an updated Chief of Naval Operations Professional Reading Program (CNO-PRP) reading list, with a motto of "Read Well to Lead Well."

JOB DESCRIPTION

Gas Turbine Systems Technicians (Electrical) operate, repair and perform organizational and intermediate maintenance on electrical components of gas turbine engines, main propulsion machinery, auxiliary equipment, propulsion control systems, and assigned electrical and electronic circuitry up to the printed circuit and alarm warning circuitry, operating electric plant main and propulsion control equipment; locating circuit failures and replacing parts; measuring current, voltage and resistance; testing for shorts, grounds and continuity; testing protective circuitry; testing, servicing and replacing batteries; performing preventive maintenance on digital data equipment and control and monitoring circuits; measuring insulation resistance; repairing electrical/electronic cables, wiring and connectors; maintaining alarm, indicating and warning systems; maintaining and repairing gas turbine engines and auxiliary equipment; working with blueprints, schematics and charts; performing administrative procedures related to gas turbine propulsion system operation and maintenance; performing work area inspections; operating standard test equipment; stopping engines and checking for proper performance; replacing and adjusting operating tolerance of contacts, micro switches, relay switches, pressure switches and temperature switches.

RECOMMENDED BILLET ASSIGNMENTS

Work as an Journeyman Gas Turbine for afloat or shore providing command support operating engineering equipment, stand roving watches and provide maintenance and repair to propulsion/auxiliary equipment.

Other Opportunities:

- Joint Assignments
- GWOT Support Assignments
- Recruiter
- Instructor
- RDC
- DAPA
- SARP
- Career Counselor

RECORD REVIEW CHECKLIST

Review your Official Record to see what documentation, qualifications, etc. may be missing or requiring an update. This is a great opportunity to meet with your Mentor, Leading Petty Officer or Leading Chief Petty Officer to understand the importance of keeping your record up-to-date. Check the following three major sections to verify your Official Record:

- a. **BUPERS Online**: BUPERS Online (https://www.bol.navy.mil) is your main tool to ensure your record is up to date and helps you to be proactive in making the most of your promotion opportunity. You should review your:
 - 1. Official Military Personnel File (OMPF): All active duty and reserve personnel having a BOL account, a CAC (with appropriate certificates) and a CAC-enabled computer can now view their OMPF online by selecting the OMPF option on the BOL main menu page. This is the preferred method of obtaining OMPF information to eliminate the unnecessary time-lags caused by waiting days or weeks to receive a requested CD ROM.
 - If Deployed: Click on "Request Record on CD" to order your Official Military Personnel File (OMPF). This must be
 accomplished four to six months before a board convenes, which will allow time for delivery and updating of your
 record if required.
 - 3. Check your **Performance Summary Record (PSR)** and **Enlisted Summary Record (ESR)** on https://www.bol.navy.mil, click on the "ODC, OSR, PSR, ESR" link.
- b. **Electronic Service Record (ESR)** Self-Service ESR: This can be viewed at https://nsips.nmci.navy.mil or on the Navy Standard Integrated Personnel System (NSIPS) ESR server onboard ship.
- c. **Electronic Training Jacket (ETJ)**: Log in to My Navy Portal (MNP) and review your entire ETJ making sure that each section is correct. If not, clicking on "*Data Problems*" at the bottom of each page which will guide you on how to make corrections or updates.
- d. **US Navy Awards website**: Log in to https://awards.navy.mil/ to review any awards you may qualify for but were unaware of. Note that this website is only available from a CAC enabled, NMCI machine.
- e. **Physical Readiness Information Management System (PRIMS)**: To log in to PRIMS, first log in to BUPERS Online at https://www.bol.navy.mil. Then look half way down the page for the PRIMS login at https://www.bol.navy.mil/bam/.
- f. **EOSH**: The Federal Agency Employee Occupational Safety and Health (EOSH) Toolkit is available at https://www.osha.gov/dep/fap/eosh_toolkit.html. It provides a one-stop-shop website that includes "just in time" information about maintaining a safe and healthful workplace.

CREDENTIALING

Navy Credentialing Opportunities On-Line (Navy COOL): Navy COOL assists Sailors (active & reserve) by funding the certification & licensing exams that map their Navy education, training, experience, and competencies to industry/civilian-recognized credentials and occupational equivalents. Sailors may obtain funding for credential examinations, renewals, maintenance fees, and other mandatory examination administrative fees.

The following certifications and licenses are applicable to the GSE-Gas Turbine System Technician Electrical rating. *They may require additional education, training or experience.*

For more information about these credentials, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Target Paygrade | Certifying Agency | Credential Title | Date Completed |

Out of Rate Certifications and Licensure

Academic Degrees - You are now eligible for credentials towards an earned academic degree.

Cross-Rated Sailors - If you have cross-rated, you now are eligible for credentials related to your prior rating.

Off-Duty or Command-Sponsored Training – You are now eligible for credentials for documented training that fully prepares you for a credential.

Navy Reservists – You may now be eligible for funding of credentials related to your civilian occupation.

Prior Other-Service Enlisted Occupation - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials related to prior other-Service (Army, Air Force, Marine Corps, Coast Guard) enlisted occupation.

Collateral Duty/Out of Rate Assignments - Credentials are also available in these collateral duties/out of rate assignments in which you are serving in or have served in.

Credentials Earned & Maintained Prior to Joining the Navy - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials that were earned, and maintained, prior to your enlistment in the Navy. The certification or license must have relevance to the needs of the Navy, and must appear on Navy COOL, although it does not need to show the Navy Bucks icon to be funded.

* See the Additional Funding Opportunities section on any rating page on Navy COOL for further details.

Leader Credentialing: The following certifications and licenses are applicable to enlisted Leaders (E4 and above). *They may require additional education, training or experience.*

United Services Military Apprenticeship Program (USMAP): USMAP is available to most active duty occupations and is certified by the U.S. Department of Labor. This is the largest apprenticeship program operating in the U.S. and is recognized by all 50 states. Completion of one of these programs would qualify you as a journeyman, which could mean a significantly higher starting salary in the civilian work force. Most programs require 5-8 years to complete but are transferable if you decide to leave the service prior to completion. USMAP opportunities also exist for SELRES with orders over 12 months.

The following USMAP apprenticeships are applicable to the GSE-Gas Turbine System Technician Electrical rating.

For more information about these apprenticeships, visit USMAP at https://usmap.osd.mil/index.htm.

| Apprenticeship | Date Completed |
|--|-------------------|
| Computer Operator | |
| Electrician, Maintenance | |
| Hydroelectric-Machinery Mechanic (Utilities) | |
| Industrial Maintenance Mechanic | |
| Power-Plant Operator | |

POST MILITARY OCCUPATIONS

The following post military occupations are similar to the GSE-Gas Turbine System Technician Electrical Rating. For more information about these occupations, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Occupation (Civilian Employer) |
|---|
| Control and Valve Installers and Repairers, Except Mechanical Door |
| Cooling and Freezing Equipment Operators and Tenders |
| Electric Motor, Power Tool, and Related Repairers |
| Electrical and Electronic Engineering Technologists and Technicians |
| Electrical and Electronic Equipment Assemblers |
| Electrical and Electronics Installers and Repairers, Transportation Equipment |
| Electrical and Electronics Repairers, Commercial and Industrial Equipment |
| Electrical and Electronics Repairers, Powerhouse, Substation, and Relay |
| Electrical Power-Line Installers and Repairers |
| Electricians |
| Electronic Equipment Installers and Repairers, Motor Vehicles |
| First-Line Supervisors of Mechanics, Installers, and Repairers |
| HelpersInstallation, Maintenance, and Repair Workers |
| Home Appliance Repairers |
| Industrial Machinery Mechanics |
| Maintenance and Repair Workers, General |
| Power Plant Operators |
| Stationary Engineers and Boiler Operators |
| |

| 9944 - Electronics Technician |
| 9956 - Engineman |

STAY NAVY

AC to AC and FTS to FTS - Continue Navy career on Active Duty.

E6 and below with less than 14 years of service will require a C-Way Application to be approved for reenlistment or extension.

Once C-Way application is approved, the Sailor should request to Reenlist or Extend with the appropriate form.

| REENLIST / EXTEND: Request Chit/Form | 11 | | |
|--|-----------------|-----------|--|

RC to AC/FTS

See MILPERSMAN 1306-1505: Sailors may complete a component change from the Reserve Component (RC) to AC (RC2AC/FTS). This not only leverages existing skill sets that reside in the RC population to improve and maintain AC community health, but also provides qualified Sailors with an opportunity to resume or begin a career in the AC/FTS. This component change refers to a permanent transfer from RC2AC/FTS. This voluntary program enables qualified, eligible enlisted RC Sailors to submit applications in Career Waypoints (C-WAY) based on available quotas published on the Bureau of Naval Personnel (BUPERS), Enlisted Community Manager (BUPERS-32) Web page at: https://www.public.navy.mil/bupersnpc/enlisted/community/selres/Pages/EnlistedReserveOpportunities.aspx.

If you have any questions or concerns, contact your unit or NOSC career counselor.

RC to RC - Continue your Navy career as a Reservist.

Submit reenlistment request utilizing NAVRES 1160/1 Drilling Reservist Reenlistment Worksheet.

REENLIST / EXTEND: Request Chit/Form:

School as a Reenlistment Incentive:

MyNavy Assignments (MNA):

Medical/Dental Screening:

Command Recommendation (evaluation): Bonus: Ceremony:

AC/FTS to CIP

The Career Intermission Program allows Officers and Enlisted Sailors to transfer out of the active component (AC/FTS) and into the Individual Ready Reserve for a period of one to three years to pursue personal or professional obligations outside the Navy, while providing a means for their seamless return to active duty.

For additional information, go to: https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/IRR/Pages/CIP.aspx.

AC/FTS to Secretary of the Navy Tours with Industry

This program provides a venue for exceptional Sailors to experience innovative business practices. Navy fellows are fully immersed in company practices and will be actively engaged in projects and company operations. Past fellows were assigned to companies including VMware, Qualcomm, Apple, Incorporation, Boeing, Tesla, Oak Ridge National Laboratory, GE Digital, Amazon, FedEx, Northrup Grumman, Space X, LinkedIn and USAA.

For additional information go to: https://www.public.navy.mil/bupers-npc/career/talentmanagement/Pages/SNTWI.aspx.

Canvasser Recruiter (CANREC)

The Canvasser Recruiter (CANREC) Recall Program is a voluntary and temporary recall program for RC personnel to serve as production recruiters in support of the Navy Prior Service recruiting mission. Personnel eligible to volunteer for a Definite (also termed as "temporary") Recall to Active Duty (ACDU) as a CANREC are Reserve Component (RC) members, specifically Selected Reserve (SELRES), Individual Ready Reserve (IRR-ASP), and Voluntary Training Unit (VTU) personnel. For additional information, go to:

https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/definiterecall/Pages/CANRECRecall.aspx.

Career Waypoints-Reenlistment:

The Command Career Counselor is your local advocate to assist you with the Career Waypoints application process.

- E3-E6 Sailors with less than 14 years of service must submit a Career Waypoints application, regardless of reenlistment intentions. Sailors who do not desire to reenlist will submit an "intends to separate" application. Sailors not eligible for reenlistment will submit a "not eligible" application.
- The Career Waypoints system automatically generates most of the applications needed by Sailors. Applications must be submitted no later than 16 months prior to expiration of active/reserve obligated service (EAOS/EOS) or as extended (SEAOS/SEOS). Sailors with less than 24 months of contract time remaining at their projected rotation date (PRD) will submit an application 15 months prior to their PRD. In either case, the Career Waypoints system will automatically generate

applications for Sailors 18 months prior to either timeframe. Applications required outside of the established C-Way gates can be submitted as Special Circumstance applications. Examples of when these may be needed include OBLISERVE for special duty, decommissioning or homeport shift.

- The C-Way 3-2-1 Process aligns career decisions with the detailing process. Soft End of Active/Reserve Obligated Service (SEAOS/SEOS)/End of Active/Reserve Obligated Service (EAOS/EOS) applications are created by C-Way at the 18 month from S/EAOS/EOS mark and must be submitted by the Command Career Counselor at the 16 month mark. This provides time for the Career Counselor to validate the Sailor's information and to ascertain the Sailors career intentions. The first C-Way review gate occurs from 16 to 13 months from S/EAOS/EOS with career choice options of in-rate, conversion, and Selected Reserve. The second review gate occurs from 12 to 9 months from S/EAOS/EOS with career choice options of conversion and Selected Reserve. From 8 months to 4 months to S/EAOS/EOS the Sailor can only choose Selected Reserve affiliation.
- Monthly reenlistment quotas are limited and must be reserved for our best and brightest Sailors who desire to Stay Navy.
 Sailors must choose one of the following based on their desires and qualifications:
 - Reenlist-in-Rate.
 - · Reenlist-in-rate, Willing to Convert
 - · Convert only
 - · AC to AC or FTS to FTS
 - RC to AC/FTS
 - RC to RC
 - · AC/FTS to CIP (Intermission)
 - AC/FTS to Tour w/ Industry
 - SELRES option
 - · Canvasser Recruiter
 - Intend to separate
 - Not eligible

In February 2014, C-Way delivered auto-approval capabilities to provide reenlistment decisions on S/EAOS/EOS applications more quickly for eligible ratings. This changed the monthly processing of reenlistment applications as described below.

- If you are in an, "open" rating or a "balanced" rating in an undermanned year group or an E6, you are eligible for reenlistment, and your application is submitted with correct data it will be auto-approved and returned immediately, and you can reenlist.
- If you are in a "competitive" rating or a balanced rating but not an undermanned year group, then your application will be
 processed through the monthly Rack and Stack process. Applications submitted in one month are processed in Rack and
 Stack the following month.
- For Nuclear ratings, all applications are reviewed by enlisted community managers on an ongoing basis throughout the processing month.
- If required data is missing (evaluations, Physical Fitness Assessment (PFA) data, security clearance etc.) the application
 will be denied with a note to your career counselor regarding what needs to be fixed. It is critical the Command Career
 Counselor reviews these notes to ensure Sailors are not disadvantaged in their opportunities for retention.
- Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoint system.
- For additional guidance, see MILPERSMAN 1160-140, NAVADMIN 231/17, and your Career Counselor Or call My Navy Call Center: (833) 330-MNCC or (901) 874-MNCC; or askmncc@navy.mil

Targeted Reentry Program (TRP)

NAVADMIN 047/18 empowers COs with the ability to identify and recommend SELRES on active duty/Definite Recall (ACDU) and Full Time Support (FTS) enlisted personnel, who are the best and brightest, the option for expedited reentry to Active Duty in the Navy.

- Golden Ticket Sailors are guaranteed an expedited return to ACDU within one year from separation from ACDU. Sailors
 who do not use their Golden Ticket within one year are automatically convert to a Silver Ticket for one additional year.
 Sailors must remain fully qualified.
- Silver Ticket Sailors are afforded an expedited return to ACDU within two years from separation date. This opportunity is subject to Needs of the Navy (NOTN) and provided the Sailor remains fully qualified.

Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoints system.

For additional guidance, see MILPERSMAN 1001-260, NAVADMIN 231/17, and your Career Counselor Or call My Navy Call Center: (833) 330-MNCC or (901) 874-MNCC; or askmncc@navy.mil

^{2 -} Personnel with less than 3 years of time-in-service must also complete Antiterrorism Level 1 training. For personnel with greater than 3 years of time-in-service, Antiterrorism Level 1 periodicity is now a triennial requirement and will be mandated for all hands in FY-22.

^{3 -} Does not have a mandatory periodicity but is required at career touch points per CNO WASHINGTON DC/191539ZJUL16.

Courses with Recommended Reserve Points:

Commander Navy Reserve Forces (CNRF) N7 determines the number of reserve points awarded for completion of a course taken on Navy e-Learning. This listing should only be used as a guide and is subject to change by direction of CNFR N7.

Navy e-Learning has no control over how many, if any, reserve points are eventually awarded for the completion of a course. All questions concerning the award of reserve points should be directed to CNFR N7.

E5 RECOMMENDED RESERVE PME:

MILGEARS

MilGears (https://milgears.osd.mil/) has been developed to serve Sailors while they serve, as they transition, and beyond. Whether you're committed to completing a single enlistment term or plan to retire from the military, everyone gets out eventually. MilGears exists to help you plan in advance for that time by highlighting future possibilities and helping you visualize how to reach those goals. Tools on MilGears analyze your unique history - your military duties and training, civilian education and credentialing, and apprenticeships - to provide customized results.

Key features include:

- No PII is stored on the MilGears servers it does not save or collect any of your information.
- The ability for you to save an encrypted file to save your progress and return to the tool at any time.
- Auto-filling of tools based on uploaded service history document (ETJ, JST, or VMET).
- An easy-to-read PDF summary of your military history that you can keep as a reference.

Of the several tools found on MilGears, the two most common that Sailors would use are the **Engage My Career Tool** and the **Quick Explorer Tool**.

ENGAGE MY CAREER TOOL

The Engage My Career (EMC) Tool, available from the MilGears home page, analyzes your unique history to provide customized results. The EMC Tool looks at what you've done in the military to date by guiding you through a series of questions that collect information such as: your rating, pay grade, duty station history, training, NECs, qualifications (applicable to Mariner careers), and civilian education or credentials. The EMC Tool then takes this information and helps you determine your best path forward by showing you the possible occupation options you may be eligible for based on your current experience.

Customized output includes:

- Civilian occupations that may be attainable or nearly attainable.
- Apprenticeships, certifications, and education that can help you fill training gaps or that could make you more competitive in the job market.
- How You Stack Up a detailed view of how you compare to the typical requirements for civilian occupations and credentials.
- Next Steps recommendations to fill gaps to enter an occupational field.

QUICK EXPLORER TOOL

The Quick Explorer Tool, available from the MilGears home page, allows Service members to explore occupations without uploading personal information.

The following areas are available for exploration:

- Credentials explore pathways related to a specific credential such as a degree, a certification, a USMAP apprenticeship or a federal license.
- Career Goals explore pathways based on career goals through job family, industry and more.
- Military Occupation explore pathways by MOC to view 'best-fit' pathways based your military occupation. Pathways include academic, industry, apprenticeship, cross-rate opportunities, and post-service employment opportunities.
- Interests answer a series of questions designed to discover your personal interests and connect them to career pathways.

NAVY PROFESSIONAL READING PROGRAM (PRP)

The purpose of the Chief of Naval Operations Professional Reading Program (CNO PRP), maintained by CNO PRP program managers at the U.S. Naval War College, is to facilitate the professional and personal development of all Sailors. For additional information on the CNO PRP visit https://www.navy.mil/CNO-Professional-Reading-Program/

Nearly 200 years ago, the Navy ordered its ships be outfitted with a reading list of 37 books in order to help train and educate Sailors. The Navy's leaders knew then what is still the case today: to outthink our competitors we must study and apply lessons we've learned from our past. Furthermore, it is critically important for our Navy to be a learning organization. And one of the very best ways to do that is to foster an environment where every Sailor deepens their level of understanding and learning.

That is why we launched an updated Chief of Naval Operations Professional Reading Program (CNO-PRP) reading list, with a motto of "Read Well to Lead Well."

JOB DESCRIPTION

Gas Turbine Systems Technicians (Electrical) operate, repair and perform organizational and intermediate maintenance on electrical components of gas turbine engines, main propulsion machinery, auxiliary equipment, propulsion control systems, and assigned electrical and electronic circuitry up to the printed circuit and alarm warning circuitry, operating electric plant main and propulsion control equipment; locating circuit failures and replacing parts; measuring current, voltage and resistance; testing for shorts, grounds and continuity; testing protective circuitry; testing, servicing and replacing batteries; performing preventive maintenance on digital data equipment and control and monitoring circuits; measuring insulation resistance; repairing electrical/electronic cables, wiring and connectors; maintaining alarm, indicating and warning systems; maintaining and repairing gas turbine engines and auxiliary equipment; working with blueprints, schematics and charts; performing administrative procedures related to gas turbine propulsion system operation and maintenance; performing work area inspections; operating standard test equipment; stopping engines and checking for proper performance; replacing and adjusting operating tolerance of contacts, micro switches, relay switches, pressure switches and temperature switches.

RECOMMENDED BILLET ASSIGNMENTS

Work as an Apprentice Gas Turbine for afloat or shore providing command support operating engineering equipment, stand roving watches and provide maintenance and repair to electrical/propulsion/auxiliary equipment.

Other Opportunities:

- Joint Assignments
- GWOT Support Assignments
- Recruiter
- Instructor
- RDC
- DAPA
- SARP
- Career Counselor

SELECTION BOARD CHECKLIST FOR E6 PROMOTION TO CPO

Step 1 - Review your Official Record to see what documentation, qualifications, etc. may be missing or requiring an update. This should be accomplished every six months after promotion to Second Class. However, it is imperative that this is accomplished six months prior to a selection board. Check the following three major sections to verify your Official Record:

- a. **BUPERS Online**: BUPERS Online (https://www.bol.navy.mil) is your main tool to ensure your record is up to date and helps you to be proactive in making the most of your promotion opportunity. You should review your:
 - 1. Official Military Personnel File (OMPF): All active duty and reserve personnel having a BOL account, a CAC (with appropriate certificates) and a CAC-enabled computer can now view their OMPF online by selecting the OMPF option on the BOL main menu page. This is the preferred method of obtaining OMPF information to eliminate the unnecessary time-lags caused by waiting days or weeks to receive a requested CD ROM.
 - 2. **If Deployed:** Click on "Request Record on CD" to order your Official Military Personnel File (OMPF). This must be accomplished four to six months before a board convenes, which will allow time for delivery and updating of your record if required.
 - 3. Check your **Performance Summary Record (PSR)** and **Enlisted Summary Record (ESR)** on https://www.bol.navy.mil, click on the "ODC, OSR, PSR, ESR" link.
- b. **Electronic Service Record (ESR)** Self-Service ESR: This can be viewed at (https://nsips.nmci.navy.mil) or on the Navy Standard Integrated Personnel System (NSIPS) ESR server onboard ship.
- c. Electronic Training Jacket (ETJ): Log in to My Navy Portal (MNP) and review your entire ETJ making sure that each section is correct. If not, clicking on "Data Problems" at the bottom of each page which will guide you on how to make corrections or updates.
- d. **US Navy Awards website**: Log in to (https://awards.navy.mil/) to review any awards you may qualify for but were unaware of. Note that this website is only available from a CAC enabled, NMCI machine.
- e. **Physical Readiness Information Management System (PRIMS)**: To log in to PRIMS, first log in to BUPERS Online at https://www.bol.navy.mil. Then look half way down the page for the PRIMS login at https://www.bol.navy.mil/bam/.
- f. **EOSH**: The Federal Agency Employee Occupational Safety and Health (EOSH) Toolkit is available at https://www.osha.gov/dep/fap/eosh_toolkit.html. It provides a one-stop-shop website that includes "just in time" information about maintaining a safe and healthful workplace.

Step 2 - Submit appropriate missing documents to the selection board.

- a. Selection board packages provide candidates the opportunity to submit any documents missing from the sections of their records which are viewed by the selection boards. MILPERSMAN 1070-080 specifies which documents from the enlisted permanent personnel record are provided to the selection board for review. Any documents the member has verified as missing from those sections of their permanent personnel record may be submitted as a selection board package.
- b. For submissions directly to the board and for those circumstances where the eligible candidate cannot get their official record updated and confirmed prior to the selection board convening date:
 - 1. All correspondence should be on plain white paper for readability; paper clipped (no staples, binders, folders, or tabs) and submitted under cover letter to the president of the board. Candidates must verify the correct subject line and board number (see below) is on their cover letters to ensure their packages appear before the proper board.
 - Correspondence must include your Full name and SSN, must be affixed and legible on all documents submitted, and must be emailed encrypted to the address provided in the associated NAVADMIN or postmarked not later than the date listed in the associated NAVADMIN addressed to:

NAVY PERSONNEL COMMAND CUSTOMER SERVICE CENTER PRESIDENT
FY-XX ACTIVE/RESERVE E7 ENLISTED SELECTION BOARD #XXX 5640 TICONDEROGA LOOP BLDG 768 RM E302
MILLINGTON TN 38055
(Active = 360 / SELRES = 335 / FTS = 336)

(Use of special handling mail (certified or registered) is not advised due to significant delays in handling.)

- c. Ensure official record reflects any individual augmentation mission (awards, evals, NEC, etc).
- d. Check https://www.public.navy.mil/bupers-npc/boards/activedutyenlisted/Pages/GeneralInformation.aspx to verify that the selection board has received your correspondence (if sent).

NOTE: It is highly recommended that if corrections or updates are made, review your OMPF; or if Deployed, reorder your CD-ROM to confirm changes. (NOTE: Please allow 60 days for changes to take effect)

Step 3 - After reviewing your service record - such as evaluations, awards, qualifications, etc. - start reviewing what you can do to improve yourself, such as:

- a. Request a Career Development Board (CDB) through your chain of command.
- b. Take a good, hard look at the type of **Collateral Duties** you are assigned. Review your command collateral duties instruction and talk with your COC and / or appear before the CDB. Take the tough command duties that provide the most involvement in the command as a whole and that have direct Sailor support.
- c. Review your current level of education to see how far along you are in earning a **college degree** and pursue **non-resident Navy courses** to expand your level of knowledge. Complete the **Navy e-Learning courses** on **MNP** that are recommended in this document. Check Navy COOL (https://www.cool.osd.mil/usn/) for any related credentials for which you may be qualified.
- d. Check out **OTHER Learning Opportunities** to add to your service record, such as the CANTRAC Volume I (Training Facilities) and CANTRAC Volume II (Course Descriptions) at https://main.prod.cetars.training.navy.mil/cetars/main.html.
- Step 4 Review qualifications that your rating values or requires for advancement and create a plan to earn these important pieces in the professional growth and advancement puzzle. Read the applicable NAVADMIN for additional dates and information, and review previous selection board precepts.
- Step 5 Prepare for the next CPO Advancement Exam cycle in January for Active Duty & February for Reserves as soon as the Bibliography References are posted six months prior in July. Use the Navy Advancement Center info and website listed above in the advancement section.

CREDENTIALING

Navy Credentialing Opportunities On-Line (Navy COOL): Navy COOL assists Sailors (active & reserve) by funding the certification & licensing exams that map their Navy education, training, experience, and competencies to industry/civilian-recognized credentials and occupational equivalents. Sailors may obtain funding for credential examinations, renewals, maintenance fees, and other mandatory examination administrative fees.

The following certifications and licenses are applicable to the GSE-Gas Turbine System Technician Electrical rating. *They may require additional education, training or experience.*

For more information about these credentials, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Target Paygrade | Certifying Agency | Credential Title | Date Completed |

Out of Rate Certifications and Licensure

Academic Degrees - You are now eligible for credentials towards an earned academic degree.

Cross-Rated Sailors - If you have cross-rated, you now are eligible for credentials related to your prior rating.

Off-Duty or Command-Sponsored Training – You are now eligible for credentials for documented training that fully prepares you for a credential.

Navy Reservists – You may now be eligible for funding of credentials related to your civilian occupation.

Prior Other-Service Enlisted Occupation - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials related to prior other-Service (Army, Air Force, Marine Corps, Coast Guard) enlisted occupation.

Collateral Duty/Out of Rate Assignments - Credentials are also available in these collateral duties/out of rate assignments in which you are serving in or have served in.

Credentials Earned & Maintained Prior to Joining the Navy - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials that were earned, and maintained, prior to your enlistment in the Navy. The certification or license must have relevance to the needs of the Navy, and must appear on Navy COOL, although it does not need to show the Navy Bucks icon to be funded.

* See the Additional Funding Opportunities section on any rating page on Navy COOL for further details.

Leader Credentialing: The following certifications and licenses are applicable to enlisted Leaders (E4 and above). *They may require additional education, training or experience.*

| Certifying Agency | Credential Title | Date Completed |

United Services Military Apprenticeship Program (USMAP): USMAP is available to most active duty occupations and is certified by the U.S. Department of Labor. This is the largest apprenticeship program operating in the U.S. and is recognized by all 50 states. Completion of one of these programs would qualify you as a journeyman, which could mean a significantly higher starting salary in the civilian work force. Most programs require 5-8 years to complete but are transferable if you decide to leave the service prior to completion. USMAP opportunities also exist for SELRES with orders over 12 months.

The following USMAP apprenticeships are applicable to the GSE-Gas Turbine System Technician Electrical rating.

For more information about these apprenticeships, visit USMAP at https://usmap.osd.mil/index.htm.

| Apprenticeship | Date Completed |
|--|-------------------|
| Computer Operator | |
| Electrician, Maintenance | |
| Hydroelectric-Machinery Mechanic (Utilities) | |
| Industrial Maintenance Mechanic | |
| Power-Plant Operator | |

POST MILITARY OCCUPATIONS

The following post military occupations are similar to the GSE-Gas Turbine System Technician Electrical Rating. For more information about these occupations, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Occupation (Civilian Employer) |
|---|
| Control and Valve Installers and Repairers, Except Mechanical Door |
| Cooling and Freezing Equipment Operators and Tenders |
| Electric Motor, Power Tool, and Related Repairers |
| Electrical and Electronic Engineering Technologists and Technicians |
| Electrical and Electronic Equipment Assemblers |
| Electrical and Electronics Installers and Repairers, Transportation Equipment |
| Electrical and Electronics Repairers, Commercial and Industrial Equipment |
| Electrical and Electronics Repairers, Powerhouse, Substation, and Relay |
| Electrical Power-Line Installers and Repairers |
| Electricians |
| Electronic Equipment Installers and Repairers, Motor Vehicles |
| First-Line Supervisors of Mechanics, Installers, and Repairers |
| HelpersInstallation, Maintenance, and Repair Workers |
| Home Appliance Repairers |

STAY NAVY

AC to AC and FTS to FTS - Continue Navy career on Active Duty.

E6 and below with less than 14 years of service will require a C-Way Application to be approved for reenlistment or extension.

Once C-Way application is approved, the Sailor should request to Reenlist or Extend with the appropriate form.

| REENLIST / EXTEND: Request Chit/Form | : | |
|--|-----------------|-----------|
| Career Waypoints-Reenlistment Approval: | | |
| School as a Reenlistment Incentive: | | |

RC to AC/FTS

See MILPERSMAN 1306-1505: Sailors may complete a component change from the Reserve Component (RC) to AC (RC2AC/FTS). This not only leverages existing skill sets that reside in the RC population to improve and maintain AC community health, but also provides qualified Sailors with an opportunity to resume or begin a career in the AC/FTS. This component change refers to a permanent transfer from RC2AC/FTS. This voluntary program enables qualified, eligible enlisted RC Sailors to submit applications in Career Waypoints (C-WAY) based on available quotas published on the Bureau of Naval Personnel (BUPERS), Enlisted Community Manager (BUPERS-32) Web page at: https://www.public.navy.mil/bupersnpc/enlisted/community/selres/Pages/EnlistedReserveOpportunities.aspx.

If you have any questions or concerns, contact your unit or NOSC career counselor.

RC to RC - Continue your Navy career as a Reservist.

Submit reenlistment request utilizing NAVRES 1160/1 Drilling Reservist Reenlistment Worksheet.

REENLIST / EXTEND: Request Chit/Form:

School as a Reenlistment Incentive:

MyNavy Assignments (MNA):

Medical/Dental Screening:

Command Recommendation (evaluation): Bonus: Ceremony:

AC/FTS to CIP

The Career Intermission Program allows Officers and Enlisted Sailors to transfer out of the active component (AC/FTS) and into the Individual Ready Reserve for a period of one to three years to pursue personal or professional obligations outside the Navy, while providing a means for their seamless return to active duty.

For additional information, go to: https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/IRR/Pages/CIP.aspx.

AC/FTS to Secretary of the Navy Tours with Industry

This program provides a venue for exceptional Sailors to experience innovative business practices. Navy fellows are fully immersed in company practices and will be actively engaged in projects and company operations. Past fellows were assigned to companies including VMware, Qualcomm, Apple, Incorporation, Boeing, Tesla, Oak Ridge National Laboratory, GE Digital, Amazon, FedEx, Northrup Grumman, Space X, LinkedIn and USAA.

For additional information go to: https://www.public.navy.mil/bupers-npc/career/talentmanagement/Pages/SNTWI.aspx.

Canvasser Recruiter (CANREC)

The Canvasser Recruiter (CANREC) Recall Program is a voluntary and temporary recall program for RC personnel to serve as production recruiters in support of the Navy Prior Service recruiting mission. Personnel eligible to volunteer for a Definite (also termed as "temporary") Recall to Active Duty (ACDU) as a CANREC are Reserve Component (RC) members, specifically Selected Reserve (SELRES), Individual Ready Reserve (IRR-ASP), and Voluntary Training Unit (VTU) personnel. For additional information, go to:

https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/definiterecall/Pages/CANRECRecall.aspx.

Career Waypoints-Reenlistment:

The Command Career Counselor is your local advocate to assist you with the Career Waypoints application process.

- E3-E6 Sailors with less than 14 years of service must submit a Career Waypoints application, regardless of reenlistment intentions. Sailors who do not desire to reenlist will submit an "intends to separate" application. Sailors not eligible for reenlistment will submit a "not eligible" application.
- The Career Waypoints system automatically generates most of the applications needed by Sailors. Applications must be submitted no later than 16 months prior to expiration of active/reserve obligated service (EAOS/EOS) or as extended (SEAOS/SEOS). Sailors with less than 24 months of contract time remaining at their projected rotation date (PRD) will submit an application 15 months prior to their PRD. In either case, the Career Waypoints system will automatically generate

applications for Sailors 18 months prior to either timeframe. Applications required outside of the established C-Way gates can be submitted as Special Circumstance applications. Examples of when these may be needed include OBLISERVE for special duty, decommissioning or homeport shift.

- The C-Way 3-2-1 Process aligns career decisions with the detailing process. Soft End of Active/Reserve Obligated Service (SEAOS/SEOS)/End of Active/Reserve Obligated Service (EAOS/EOS) applications are created by C-Way at the 18 month from S/EAOS/EOS mark and must be submitted by the Command Career Counselor at the 16 month mark. This provides time for the Career Counselor to validate the Sailor's information and to ascertain the Sailors career intentions. The first C-Way review gate occurs from 16 to 13 months from S/EAOS/EOS with career choice options of in-rate, conversion, and Selected Reserve. The second review gate occurs from 12 to 9 months from S/EAOS/EOS with career choice options of conversion and Selected Reserve. From 8 months to 4 months to S/EAOS/EOS the Sailor can only choose Selected Reserve affiliation.
- Monthly reenlistment quotas are limited and must be reserved for our best and brightest Sailors who desire to Stay Navy.
 Sailors must choose one of the following based on their desires and qualifications:
 - Reenlist-in-Rate
 - · Reenlist-in-rate, Willing to Convert
 - · Convert only
 - · AC to AC or FTS to FTS
 - RC to AC/FTS
 - RC to RC
 - · AC/FTS to CIP (Intermission)
 - AC/FTS to Tour w/ Industry
 - SELRES option
 - · Canvasser Recruiter
 - Intend to separate
 - Not eligible

In February 2014, C-Way delivered auto-approval capabilities to provide reenlistment decisions on S/EAOS/EOS applications more quickly for eligible ratings. This changed the monthly processing of reenlistment applications as described below.

- If you are in an, "open" rating or a "balanced" rating in an undermanned year group or an E6, you are eligible for reenlistment, and your application is submitted with correct data it will be auto-approved and returned immediately, and you can reenlist.
- If you are in a "competitive" rating or a balanced rating but not an undermanned year group, then your application will be
 processed through the monthly Rack and Stack process. Applications submitted in one month are processed in Rack and
 Stack the following month.
- For Nuclear ratings, all applications are reviewed by enlisted community managers on an ongoing basis throughout the processing month.
- If required data is missing (evaluations, Physical Fitness Assessment (PFA) data, security clearance etc.) the application
 will be denied with a note to your career counselor regarding what needs to be fixed. It is critical the Command Career
 Counselor reviews these notes to ensure Sailors are not disadvantaged in their opportunities for retention.
- Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoint system.
- For additional guidance, see MILPERSMAN 1160-140, NAVADMIN 231/17, and your Career Counselor Or call My Navy Call Center: (833) 330-MNCC or (901) 874-MNCC; or askmncc@navy.mil

Targeted Reentry Program (TRP)

NAVADMIN 047/18 empowers COs with the ability to identify and recommend SELRES on active duty/Definite Recall (ACDU) and Full Time Support (FTS) enlisted personnel, who are the best and brightest, the option for expedited reentry to Active Duty in the Navy.

- Golden Ticket Sailors are guaranteed an expedited return to ACDU within one year from separation from ACDU. Sailors
 who do not use their Golden Ticket within one year are automatically convert to a Silver Ticket for one additional year.
 Sailors must remain fully qualified.
- Silver Ticket Sailors are afforded an expedited return to ACDU within two years from separation date. This opportunity is subject to Needs of the Navy (NOTN) and provided the Sailor remains fully qualified.

Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoints system.

For additional guidance, see MILPERSMAN 1001-260, NAVADMIN 231/17, and your Career Counselor Or call My Navy Call Center: (833) 330-MNCC or (901) 874-MNCC; or askmncc@navy.mil

^{3 -} Does not have a mandatory periodicity but is required at career touch points per CNO WASHINGTON DC/191539ZJUL16.

Courses with Recommended Reserve Points:

Commander Navy Reserve Forces (CNRF) N7 determines the number of reserve points awarded for completion of a course taken on Navy e-Learning. This listing should only be used as a guide and is subject to change by direction of CNFR N7.

Navy e-Learning has no control over how many, if any, reserve points are eventually awarded for the completion of a course. All questions concerning the award of reserve points should be directed to CNFR N7.

E6 RECOMMENDED RESERVE PME:

| Course Title | Course Location | CIN/CSE ID | Course Length | Date Completed |

MILGEARS

MilGears (https://milgears.osd.mil/) has been developed to serve Sailors while they serve, as they transition, and beyond. Whether you're committed to completing a single enlistment term or plan to retire from the military, everyone gets out eventually. MilGears exists to help you plan in advance for that time by highlighting future possibilities and helping you visualize how to reach those goals. Tools on MilGears analyze your unique history - your military duties and training, civilian education and credentialing, and apprenticeships - to provide customized results.

Key features include:

- No PII is stored on the MilGears servers it does not save or collect any of your information.
- The ability for you to save an encrypted file to save your progress and return to the tool at any time.
- Auto-filling of tools based on uploaded service history document (ETJ, JST, or VMET).
- An easy-to-read PDF summary of your military history that you can keep as a reference.

Of the several tools found on MilGears, the two most common that Sailors would use are the **Engage My Career Tool** and the **Quick Explorer Tool**.

ENGAGE MY CAREER TOOL

The Engage My Career (EMC) Tool, available from the MilGears home page, analyzes your unique history to provide customized results. The EMC Tool looks at what you've done in the military to date by guiding you through a series of questions that collect information such as: your rating, pay grade, duty station history, training, NECs, qualifications (applicable to Mariner careers), and civilian education or credentials. The EMC Tool then takes this information and helps you determine your best path forward by showing you the possible occupation options you may be eligible for based on your current experience.

Customized output includes:

- Civilian occupations that may be attainable or nearly attainable.
- Apprenticeships, certifications, and education that can help you fill training gaps or that could make you more competitive in the job market.
- How You Stack Up a detailed view of how you compare to the typical requirements for civilian occupations and credentials.
- Next Steps recommendations to fill gaps to enter an occupational field.

QUICK EXPLORER TOOL

The Quick Explorer Tool, available from the MilGears home page, allows Service members to explore occupations without uploading personal information.

The following areas are available for exploration:

- Credentials explore pathways related to a specific credential such as a degree, a certification, a USMAP apprenticeship or a federal license.
- Career Goals explore pathways based on career goals through job family, industry and more.
- Military Occupation explore pathways by MOC to view 'best-fit' pathways based your military occupation. Pathways include academic, industry, apprenticeship, cross-rate opportunities, and post-service employment opportunities.
- Interests answer a series of questions designed to discover your personal interests and connect them to career pathways.

NAVY PROFESSIONAL READING PROGRAM (PRP)

The purpose of the Chief of Naval Operations Professional Reading Program (CNO PRP), maintained by CNO PRP program managers at the U.S. Naval War College, is to facilitate the professional and personal development of all Sailors. Nearly 200 years ago, the Navy ordered its ships be outfitted with a reading list of 37 books in order to help train and educate Sailors. The Navy's leaders knew then what is still the case today: to outthink our competitors we must study and apply lessons we've learned from our past. Furthermore, it is critically important for our Navy to be a learning organization. And one of the very best ways to do that is to foster an environment where every Sailor deepens their level of understanding and learning.

That is why we launched an updated Chief of Naval Operations Professional Reading Program (CNO-PRP) reading list, with a motto of "Read Well to Lead Well."

JOB DESCRIPTION

Gas Turbine Systems Technicians (Electrical) operate, repair and perform organizational and intermediate maintenance on electrical components of gas turbine engines, main propulsion machinery, auxiliary equipment, propulsion control systems, and assigned electrical and electronic circuitry up to the printed circuit and alarm warning circuitry, operating electric plant main and propulsion control equipment; locating circuit failures and replacing parts; measuring current, voltage and resistance; testing for shorts, grounds and continuity; testing protective circuitry; testing, servicing and replacing batteries; performing preventive maintenance on digital data equipment and control and monitoring circuits; measuring insulation resistance; repairing electrical/electronic cables, wiring and connectors; maintaining alarm, indicating and warning systems; maintaining and repairing gas turbine engines and auxiliary equipment; working with blueprints, schematics and charts; performing administrative procedures related to gas turbine propulsion system operation and maintenance; performing work area inspections; operating standard test equipment; stopping engines and checking for proper performance; replacing and adjusting operating tolerance of contacts, micro switches, relay switches, pressure switches and temperature switches.

RECOMMENDED BILLET ASSIGNMENTS

Work as an Apprentice Gas Turbine for afloat or shore providing command support operating engineering equipment, stand roving watches and provide maintenance and repair to electrical/propulsion/auxiliary equipment.

Other Opportunities:

- Joint Assignments
- GWOT Support Assignments
- Recruiter
- Instructor
- RDC
- DAPA
- SARP
- Career Counselor
- 3MC

SELECTION BOARD CHECKLIST FOR CPO PROMOTION TO SCPO

Step 1 - Review your Official Record to see what documentation, qualifications, etc. may be missing or requiring an update. This should be accomplished every six months after promotion to Second Class. However, it is imperative that this is accomplished six months prior to a selection board. Check the following three major sections to verify your Official Record:

- a. **BUPERS Online**: BUPERS Online (https://www.bol.navy.mil) is your main tool to ensure your record is up to date and helps you to be proactive in making the most of your promotion opportunity. You should review your:
 - 1. Official Military Personnel File (OMPF): All active duty and reserve personnel having a BOL account, a CAC (with appropriate certificates) and a CAC-enabled computer can now view their OMPF online by selecting the OMPF option on the BOL main menu page. This is the preferred method of obtaining OMPF information to eliminate the unnecessary time-lags caused by waiting days or weeks to receive a requested CD ROM.
 - 2. **If Deployed:** Click on "Request Record on CD" to order your Official Military Personnel File (OMPF). This must be accomplished four to six months before a board convenes, which will allow time for delivery and updating of your record if required.
 - 3. Check your **Performance Summary Record (PSR)** and **Enlisted Summary Record (ESR)** on https://www.bol.navy.mil, click on the "ODC, OSR, PSR, ESR" link.
- b. **Electronic Service Record (ESR)** Self-Service ESR: This can be viewed at (https://nsips.nmci.navy.mil) or on the Navy Standard Integrated Personnel System (NSIPS) ESR server onboard ship.
- c. Electronic Training Jacket (ETJ): Log in to My Navy Portal (MNP) and review your entire ETJ making sure that each section is correct. If not, clicking on "Data Problems" at the bottom of each page which will guide you on how to make corrections or updates.
- d. **US Navy Awards website**: Log in to (https://awards.navy.mil/) to review any awards you may qualify for but were unaware of. Note that this website is only available from a CAC enabled, NMCI machine.
- e. **Physical Readiness Information Management System (PRIMS)**: To log in to PRIMS, first log in to BUPERS Online at https://www.bol.navy.mil. Then look half way down the page for the PRIMS login at https://www.bol.navy.mil/bam/.
- f. **EOSH**: The Federal Agency Employee Occupational Safety and Health (EOSH) Toolkit is available at https://www.osha.gov/dep/fap/eosh_toolkit.html. It provides a one-stop-shop website that includes "just in time" information about maintaining a safe and healthful workplace.

Step 2 - Submit appropriate missing documents to the selection board.

- a. Selection board packages provide candidates the opportunity to submit any documents missing from the sections of their records which are viewed by the selection boards. MILPERSMAN 1070-080 specifies which documents from the enlisted permanent personnel record are provided to the selection board for review. Any documents the member has verified as missing from those sections of their permanent personnel record may be submitted as a selection board package.
- b. For submissions directly to the board and for those circumstances where the eligible candidate cannot get their official record updated and confirmed prior to the selection board convening date:
 - All correspondence should be on plain white paper for readability; paper clipped (no staples, binders, folders, or tabs) and submitted under cover letter to the president of the board. Candidates must verify the correct subject line and board number (see below) is on their cover letters to ensure their packages appear before the proper board.
 - Correspondence must include your Full name and SSN, must be affixed and legible on all documents submitted, and must be emailed encrypted to the address provided in the associated NAVADMIN or postmarked not later than the date listed in the associated NAVADMIN addressed to:

NAVY PERSONNEL COMMAND CUSTOMER SERVICE CENTER PRESIDENT FY-XX ACTIVE/RESERVE E8 ENLISTED SELECTION BOARD #XXX 5640 TICONDEROGA LOOP BLDG 768 RM E302 MILLINGTON TN 38055 (Active = 235 / SELRES = 205 / FTS = 206)

(Use of special handling mail (certified or registered) is not advised due to significant delays in handling.)

- c. Ensure official record reflects any individual augmentation mission (awards, evals, NEC, etc).
- d. Check https://www.public.navy.mil/bupers-npc/boards/activedutyenlisted/Pages/GeneralInformation.aspx to verify that the selection board has received your correspondence (if sent).

NOTE: It is highly recommended that if corrections or updates are made, review your OMPF; or if Deployed, reorder your CD-ROM to confirm changes. (NOTE: Please allow 60 days for changes to take effect)

Step 3 - After reviewing your service record - such as evaluations, awards, qualifications, etc. - start reviewing what you can do to improve yourself, such as:

- Request a Career Development Board (CDB) through your chain of command.
- b. Take a good, hard look at the type of **Collateral Duties** you are assigned. Review your command collateral duties instruction and talk with your COC and / or appear before the CDB. Take the tough command duties that provide the most involvement in the command as a whole and that have direct Sailor support.
- c. Review your current level of education to see how far along you are in earning a **college degree** and pursue **non-resident Navy courses** to expand your level of knowledge. Complete the **Navy e-Learning courses** on **MNP** that are recommended in this document. Check Navy COOL (https://www.cool.osd.mil/usn/) for any related credentials for which you may be qualified.
- d. Check out OTHER Learning Opportunities to add to your service record, such as the CANTRAC Volume I (Training Facilities) and CANTRAC Volume II (Course Descriptions) at https://main.prod.cetars.training.navy.mil/cetars/main.html.

Step 4 - Review qualifications that your rating values or requires for advancement and create a plan to earn these important pieces in the professional growth and advancement puzzle. Read the applicable NAVADMIN for additional dates and information, and review previous selection board precepts.

CREDENTIALING

Navy Credentialing Opportunities On-Line (Navy COOL): Navy COOL assists Sailors (active & reserve) by funding the certification & licensing exams that map their Navy education, training, experience, and competencies to industry/civilian-recognized credentials and occupational equivalents. Sailors may obtain funding for credential examinations, renewals, maintenance fees, and other mandatory examination administrative fees.

The following certifications and licenses are applicable to the GSE-Gas Turbine System Technician Electrical rating. *They may require additional education, training or experience.*

For more information about these credentials, visit NAVY COOL at https://www.cool.osd.mil/usn/.

Out of Rate Certifications and Licensure

Academic Degrees - You are now eligible for credentials towards an earned academic degree.

Cross-Rated Sailors - If you have cross-rated, you now are eligible for credentials related to your prior rating.

Off-Duty or Command-Sponsored Training – You are now eligible for credentials for documented training that fully prepares you for a credential.

Navy Reservists – You may now be eligible for funding of credentials related to your civilian occupation.

Prior Other-Service Enlisted Occupation - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials related to prior other-Service (Army, Air Force, Marine Corps, Coast Guard) enlisted occupation.

Collateral Duty/Out of Rate Assignments - Credentials are also available in these collateral duties/out of rate assignments in which you are serving in or have served in.

Credentials Earned & Maintained Prior to Joining the Navy - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials that were earned, and maintained, prior to your enlistment in the Navy. The certification or license must have relevance to the needs of the Navy, and must appear on Navy COOL, although it does not need to show the Navy Bucks icon to be funded.

* See the Additional Funding Opportunities section on any rating page on Navy COOL for further details.

Leader Credentialing: The following certifications and licenses are applicable to enlisted Leaders (E4 and above). *They may require additional education, training or experience.*

United Services Military Apprenticeship Program (USMAP): USMAP is available to most active duty occupations and is certified by the U.S. Department of Labor. This is the largest apprenticeship program operating in the U.S. and is recognized by all 50 states. Completion of one of these programs would qualify you as a journeyman, which could mean a significantly higher starting salary in the civilian work force. Most programs require 5-8 years to complete but are transferable if you decide to leave the service prior to completion. USMAP opportunities also exist for SELRES with orders over 12 months.

The following USMAP apprenticeships are applicable to the GSE-Gas Turbine System Technician Electrical rating.

For more information about these apprenticeships, visit USMAP at https://usmap.osd.mil/index.htm.

| Apprenticeship | Date Completed |
|--|-------------------|
| Computer Operator | |
| Electrician, Maintenance | |
| Hydroelectric-Machinery Mechanic (Utilities) | |
| Industrial Maintenance Mechanic | |
| Power-Plant Operator | |

POST MILITARY OCCUPATIONS

The following post military occupations are similar to the GSE-Gas Turbine System Technician Electrical Rating. For more information about these occupations, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Occupation (Civilian Employer) |
|---|
| Control and Valve Installers and Repairers, Except Mechanical Door |

^{3 -} Does not have a mandatory periodicity but is required at career touch points per CNO WASHINGTON DC/191539ZJUL16.

Courses with Recommended Reserve Points:

Commander Navy Reserve Forces (CNRF) N7 determines the number of reserve points awarded for completion of a course taken on Navy e-Learning. This listing should only be used as a guide and is subject to change by direction of CNFR N7.

Navy e-Learning has no control over how many, if any, reserve points are eventually awarded for the completion of a course. All questions concerning the award of reserve points should be directed to CNFR N7.

MILGEARS

MilGears (https://milgears.osd.mil/) has been developed to serve Sailors while they serve, as they transition, and beyond. Whether you're committed to completing a single enlistment term or plan to retire from the military, everyone gets out eventually. MilGears exists to help you plan in advance for that time by highlighting future possibilities and helping you visualize how to reach those goals. Tools on MilGears analyze your unique history - your military duties and training, civilian education and credentialing, and apprenticeships - to provide customized results.

Key features include:

- No PII is stored on the MilGears servers it does not save or collect any of your information.
- The ability for you to save an encrypted file to save your progress and return to the tool at any time.
- Auto-filling of tools based on uploaded service history document (ETJ, JST, or VMET).
- An easy-to-read PDF summary of your military history that you can keep as a reference.

Of the several tools found on MilGears, the two most common that Sailors would use are the **Engage My Career Tool** and the **Quick Explorer Tool**.

ENGAGE MY CAREER TOOL

The Engage My Career (EMC) Tool, available from the MilGears home page, analyzes your unique history to provide customized results. The EMC Tool looks at what you've done in the military to date by guiding you through a series of questions that collect information such as: your rating, pay grade, duty station history, training, NECs, qualifications (applicable to Mariner careers), and civilian education or credentials. The EMC Tool then takes this information and helps you determine your best path forward by showing you the possible occupation options you may be eligible for based on your current experience.

Customized output includes:

- Civilian occupations that may be attainable or nearly attainable.
- Apprenticeships, certifications, and education that can help you fill training gaps or that could make you more competitive in the job market.
- How You Stack Up a detailed view of how you compare to the typical requirements for civilian occupations and credentials.
- Next Steps recommendations to fill gaps to enter an occupational field.

QUICK EXPLORER TOOL

The Quick Explorer Tool, available from the MilGears home page, allows Service members to explore occupations without uploading personal information.

The following areas are available for exploration:

- Credentials explore pathways related to a specific credential such as a degree, a certification, a USMAP apprenticeship or a federal license.
- Career Goals explore pathways based on career goals through job family, industry and more.
- Military Occupation explore pathways by MOC to view 'best-fit' pathways based your military occupation. Pathways include academic, industry, apprenticeship, cross-rate opportunities, and post-service employment opportunities.
- Interests answer a series of questions designed to discover your personal interests and connect them to career pathways.

NAVY PROFESSIONAL READING PROGRAM (PRP)

The purpose of the Chief of Naval Operations Professional Reading Program (CNO PRP), maintained by CNO PRP program managers at the U.S. Naval War College, is to facilitate the professional and personal development of all Sailors. For additional information on the CNO PRP visit https://www.navy.mil/CNO-Professional-Reading-Program/

| Descent Into Darkness - Raymer | Run Silent, Run Deep - Beach | Tragedy at Honda Point - Lockwood | | | | |
| Duty: A Memoir - Gates | Shoot the Women First - MacDonald | We Die Alone - Howarth | | | | |

Nearly 200 years ago, the Navy ordered its ships be outfitted with a reading list of 37 books in order to help train and educate Sailors. The Navy's leaders knew then what is still the case today: to outthink our competitors we must study and apply lessons we've learned from our past. Furthermore, it is critically important for our Navy to be a learning organization. And one of the very best ways to do that is to foster an environment where every Sailor deepens their level of understanding and learning.

That is why we launched an updated Chief of Naval Operations Professional Reading Program (CNO-PRP) reading list, with a motto of "Read Well to Lead Well."

JOB DESCRIPTION

Gas Turbine Systems Technicians (Electrical) operate, repair and perform organizational and intermediate maintenance on electrical components of gas turbine engines, main propulsion machinery, auxiliary equipment, propulsion control systems, and assigned electrical and electronic circuitry up to the printed circuit and alarm warning circuitry, operating electric plant main and propulsion control equipment; locating circuit failures and replacing parts; measuring current, voltage and resistance; testing for shorts, grounds and continuity; testing protective circuitry; testing, servicing and replacing batteries; performing preventive maintenance on digital data equipment and control and monitoring circuits; measuring insulation resistance; repairing electrical/electronic cables, wiring and connectors; maintaining alarm, indicating and warning systems; maintaining and repairing gas turbine engines and auxiliary equipment; working with blueprints, schematics and charts; performing administrative procedures related to gas turbine propulsion system operation and maintenance; performing work area inspections; operating standard test equipment; stopping engines and checking for proper performance; replacing and adjusting operating tolerance of contacts, micro switches, relay switches, pressure switches and temperature switches.

RECOMMENDED BILLET ASSIGNMENTS

Work as an Apprentice Gas Turbine for afloat or shore providing command support operating engineering equipment, stand roving watches and provide maintenance and repair to electrical/propulsion/auxiliary equipment.

Other opportunities:

- Command Senior Chief
- RDC
- Instructor/Facilitator
- Recruiter
- 3-M Coordinator
- CMEO/EOA
- DAPA
- CACO
- Detailer
- Joint Assignments
- GWOT Support Assignments

SELECTION BOARD CHECKLIST FOR SCPO PROMOTION TO MCPO

Step 1 - Review your Official Record to see what documentation, qualifications, etc. may be missing or requiring an update. This should be accomplished every six months after promotion to Second Class. However, it is imperative that this is accomplished six months prior to a selection board. Check the following three major sections to verify your Official Record:

- a. **BUPERS Online**: BUPERS Online (https://www.bol.navy.mil) is your main tool to ensure your record is up to date and helps you to be proactive in making the most of your promotion opportunity. You should review your:
 - Official Military Personnel File (OMPF): All active duty and reserve personnel having a BOL account, a CAC (with appropriate certificates) and a CAC-enabled computer can now view their OMPF online by selecting the OMPF option on the BOL main menu page. This is the preferred method of obtaining OMPF information to eliminate the unnecessary time-lags caused by waiting days or weeks to receive a requested CD ROM.
 - 2. **If Deployed:** Click on "Request Record on CD" to order your Official Military Personnel File (OMPF). This must be accomplished four to six months before a board convenes, which will allow time for delivery and updating of your record if required.
 - 3. Check your **Performance Summary Record (PSR)** and **Enlisted Summary Record (ESR)** on https://www.bol.navy.mil, click on the "ODC, OSR, PSR, ESR" link.
- b. **Electronic Service Record (ESR)** Self-Service ESR: This can be viewed at (https://nsips.nmci.navy.mil) or on the Navy Standard Integrated Personnel System (NSIPS) ESR server onboard ship.
- c. Electronic Training Jacket (ETJ): Log in to My Navy Portal (MNP) and review your entire ETJ making sure that each section is correct. If not, clicking on "Data Problems" at the bottom of each page which will guide you on how to make corrections or updates.
- d. **US Navy Awards website**: Log in to (https://awards.navy.mil/) to review any awards you may qualify for but were unaware of. Note that this website is only available from a CAC enabled, NMCI machine.
- e. **Physical Readiness Information Management System (PRIMS)**: To log in to PRIMS, first log in to BUPERS Online at https://www.bol.navy.mil. Then look half way down the page for the PRIMS login at https://www.bol.navy.mil/bam/.
- f. **EOSH**: The Federal Agency Employee Occupational Safety and Health (EOSH) Toolkit is available at https://www.osha.gov/dep/fap/eosh_toolkit.html. It provides a one-stop-shop website that includes "just in time" information about maintaining a safe and healthful workplace.

Step 2 - Submit appropriate missing documents to the selection board.

- a. Selection board packages provide candidates the opportunity to submit any documents missing from the sections of their records which are viewed by the selection boards. MILPERSMAN 1070-080 specifies which documents from the enlisted permanent personnel record are provided to the selection board for review. Any documents the member has verified as missing from those sections of their permanent personnel record may be submitted as a selection board package.
- b. For submissions directly to the board and for those circumstances where the eligible candidate cannot get their official record updated and confirmed prior to the selection board convening date:
 - All correspondence should be on plain white paper for readability; paper clipped (no staples, binders, folders, or tabs) and submitted under cover letter to the president of the board. Candidates must verify the correct subject line and board number (see below) is on their cover letters to ensure their packages appear before the proper board.
 - Correspondence must include your Full name and SSN, must be affixed and legible on all documents submitted, and must be emailed encrypted to the address provided in the associated NAVADMIN or postmarked not later than the date listed in the associated NAVADMIN addressed to:

NAVY PERSONNEL COMMAND CUSTOMER SERVICE CENTER PRESIDENT
FY-XX ACTIVE/RESERVE E9 ENLISTED SELECTION BOARD #XXX 5640 TICONDEROGA LOOP BLDG 768 RM E302
MILLINGTON TN 38055
(Active = 210 / SELRES = 205 / FTS = 206)

(Use of special handling mail (certified or registered) is not advised due to significant delays in handling.)

- c. Ensure official record reflects any individual augmentation mission (awards, evals, NEC, etc).
- d. Check https://www.public.navy.mil/bupers-npc/boards/activedutyenlisted/Pages/GeneralInformation.aspx to verify that the selection board has received your correspondence (if sent).

NOTE: It is highly recommended that if corrections or updates are made, review your OMPF; or if Deployed, reorder your CD-ROM to confirm changes. (NOTE: Please allow 60 days for changes to take effect)

Step 3 - After reviewing your service record - such as evaluations, awards, qualifications, etc. - start reviewing what you can do to improve yourself, such as:

- a. Request a Career Development Board (CDB) through your chain of command.
- b. Take a good, hard look at the type of **Collateral Duties** you are assigned. Review your command collateral duties instruction and talk with your COC and / or appear before the CDB. Take the tough command duties that provide the most involvement in the command as a whole and that have direct Sailor support.
- c. Review your current level of education to see how far along you are in earning a **college degree** and pursue **non-resident Navy courses** to expand your level of knowledge. Complete the **Navy e-Learning courses** on **MNP** that are recommended in this document. Check Navy COOL (https://www.cool.osd.mil/usn/) for any related credentials for which you may be qualified.
- d. Check out OTHER Learning Opportunities to add to your service record, such as the CANTRAC Volume I (Training Facilities) and CANTRAC Volume II (Course Descriptions) at https://main.prod.cetars.training.navy.mil/cetars/main.html.

Step 4 - Review qualifications that your rating values or requires for advancement and create a plan to earn these important pieces in the professional growth and advancement puzzle. Read the applicable NAVADMIN for additional dates and information, and review previous selection board precepts.

CREDENTIALING

Navy Credentialing Opportunities On-Line (Navy COOL): Navy COOL assists Sailors (active & reserve) by funding the certification & licensing exams that map their Navy education, training, experience, and competencies to industry/civilian-recognized credentials and occupational equivalents. Sailors may obtain funding for credential examinations, renewals, maintenance fees, and other mandatory examination administrative fees.

The following certifications and licenses are applicable to the GSE-Gas Turbine System Technician Electrical rating. *They may require additional education, training or experience.*

For more information about these credentials, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Target Paygrade | Certifying Agency | Credential Title | Date Completed | |

Out of Rate Certifications and Licensure

Academic Degrees - You are now eligible for credentials towards an earned academic degree.

Cross-Rated Sailors - If you have cross-rated, you now are eligible for credentials related to your prior rating.

Off-Duty or Command-Sponsored Training – You are now eligible for credentials for documented training that fully prepares you for a credential.

Navy Reservists – You may now be eligible for funding of credentials related to your civilian occupation.

Prior Other-Service Enlisted Occupation - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials related to prior other-Service (Army, Air Force, Marine Corps, Coast Guard) enlisted occupation.

Collateral Duty/Out of Rate Assignments - Credentials are also available in these collateral duties/out of rate assignments in which you are serving in or have served in.

Credentials Earned & Maintained Prior to Joining the Navy - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials that were earned, and maintained, prior to your enlistment in the Navy. The certification or license must have relevance to the needs of the Navy, and must appear on Navy COOL, although it does not need to show the Navy Bucks icon to be funded.

* See the Additional Funding Opportunities section on any rating page on Navy COOL for further details.

Leader Credentialing: The following certifications and licenses are applicable to enlisted Leaders (E4 and above). *They may require additional education, training or experience.*

| Certifying Agency | Credential Title | Date Completed |
|---|---|-------------------|

United Services Military Apprenticeship Program (USMAP): USMAP is available to most active duty occupations and is certified by the U.S. Department of Labor. This is the largest apprenticeship program operating in the U.S. and is recognized by all 50 states. Completion of one of these programs would qualify you as a journeyman, which could mean a significantly higher starting salary in the civilian work force. Most programs require 5-8 years to complete but are transferable if you decide to leave the service prior to completion. USMAP opportunities also exist for SELRES with orders over 12 months.

The following USMAP apprenticeships are applicable to the GSE-Gas Turbine System Technician Electrical rating.

For more information about these apprenticeships, visit USMAP at https://usmap.osd.mil/index.htm.

| Apprenticeship | Date Completed |
|--|-------------------|
| Computer Operator | |
| Electrician, Maintenance | |
| Hydroelectric-Machinery Mechanic (Utilities) | |
| Industrial Maintenance Mechanic | |
| Power-Plant Operator | |

POST MILITARY OCCUPATIONS

The following post military occupations are similar to the GSE-Gas Turbine System Technician Electrical Rating. For more information about these occupations, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Occupation (Civilian Employer) |
|---|
| Control and Valve Installers and Repairers, Except Mechanical Door |
| Cooling and Freezing Equipment Operators and Tenders |
| Electric Motor, Power Tool, and Related Repairers |
| Electrical and Electronic Engineering Technologists and Technicians |
| Electrical and Electronic Equipment Assemblers |
| Electrical and Electronics Installers and Repairers, Transportation Equipment |
| Electrical and Electronics Repairers, Commercial and Industrial Equipment |
| Electrical and Electronics Repairers, Powerhouse, Substation, and Relay |
| Electrical Power-Line Installers and Repairers |
| Electricians |
| Electronic Equipment Installers and Repairers, Motor Vehicles |
| First-Line Supervisors of Mechanics, Installers, and Repairers |
| HelpersInstallation, Maintenance, and Repair Workers |
| Home Appliance Repairers |
| Industrial Machinery Mechanics |
| Maintenance and Repair Workers, General |
| Power Plant Operators |
| Stationary Engineers and Boiler Operators |
| |

| Occupation (Federal Employer) |

^{1 -} Verify GMT topics on MyNavy Portal GMT webpage

^{2 -} Personnel with less than 3 years of time-in-service must also complete Antiterrorism Level 1 training. For personnel with greater than 3 years of time-in-service, Antiterrorism Level 1 periodicity is now a triennial requirement and will be mandated for all hands in FY-22.

3 - Does not have a mandatory periodicity but is required at career touch points per CNO WASHINGTON DC/191539ZJUL16.

Courses with Recommended Reserve Points:

Commander Navy Reserve Forces (CNRF) N7 determines the number of reserve points awarded for completion of a course taken on Navy e-Learning. This listing should only be used as a guide and is subject to change by direction of CNFR N7.

Navy e-Learning has no control over how many, if any, reserve points are eventually awarded for the completion of a course. All questions concerning the award of reserve points should be directed to CNFR N7.

SCPO RECOMMENDED RESERVE PME:

| Course Title | Course Location | CIN/CSE ID | Course Length | Date Completed |
|---|----------------------|-----------------------|------------------|-------------------|
| Navy Reserve Unit Management (E7-E9) | NRPDC New Orleans | R-7A-0031 | 5 days | |
| Reserve Senior Enlisted Management (E7-E9) | NRPDC New Orleans | R-551-0001 | 12 days | |
| Navy Reserve Fundamentals Course (E1-E9) | Navy e-Learning | NAVRESFOR-NRF-3.0 | | |
| Navy Reserve Order Writing System/Reserve Defense Travel System (E1-E9) | NRPDC New Orleans | R-510-5514 | 5 days | |
| Reserve Medical Administration (E1-E7) | NRPDC New Orleans | R-500-0007 | 5 days | |
| Reserve Pay and Personnel Management (E1-E9) | NRPDC New Orleans | R-500-0020 | 5 days | |
| Reserve Supply and Fiscal Support NEC S05A (E5-E7) | NRPDC New Orleans | R-551-0010 | 12 days | |
| Reserve Career Information (E5-E8) | NRPDC New Orleans | R-501-0005 | 12 days | |

MILGEARS

MilGears (https://milgears.osd.mil/) has been developed to serve Sailors while they serve, as they transition, and beyond. Whether you're committed to completing a single enlistment term or plan to retire from the military, everyone gets out eventually. MilGears exists to help you plan in advance for that time by highlighting future possibilities and helping you visualize how to reach those goals. Tools on MilGears analyze your unique history - your military duties and training, civilian education and credentialing, and apprenticeships - to provide customized results.

Key features include:

- No PII is stored on the MilGears servers it does not save or collect any of your information.
- The ability for you to save an encrypted file to save your progress and return to the tool at any time.
- Auto-filling of tools based on uploaded service history document (ETJ, JST, or VMET).
- An easy-to-read PDF summary of your military history that you can keep as a reference.

Of the several tools found on MilGears, the two most common that Sailors would use are the **Engage My Career Tool** and the **Quick Explorer Tool**.

ENGAGE MY CAREER TOOL

The Engage My Career (EMC) Tool, available from the MilGears home page, analyzes your unique history to provide customized results. The EMC Tool looks at what you've done in the military to date by guiding you through a series of questions that collect information such as: your rating, pay grade, duty station history, training, NECs, qualifications (applicable to Mariner careers), and civilian education or credentials. The EMC Tool then takes this information and helps you determine your best path forward by showing you the possible occupation options you may be eligible for based on your current experience.

Customized output includes:

- Civilian occupations that may be attainable or nearly attainable.
- Apprenticeships, certifications, and education that can help you fill training gaps or that could make you more competitive in the job market.
- How You Stack Up a detailed view of how you compare to the typical requirements for civilian occupations and credentials.
- Next Steps recommendations to fill gaps to enter an occupational field.

QUICK EXPLORER TOOL

The Quick Explorer Tool, available from the MilGears home page, allows Service members to explore occupations without uploading personal information.

The following areas are available for exploration:

- Credentials explore pathways related to a specific credential such as a degree, a certification, a USMAP apprenticeship or a federal license.
- Career Goals explore pathways based on career goals through job family, industry and more.
- Military Occupation explore pathways by MOC to view 'best-fit' pathways based your military occupation. Pathways include academic, industry, apprenticeship, cross-rate opportunities, and post-service employment opportunities.
- Interests answer a series of questions designed to discover your personal interests and connect them to career pathways.

NAVY PROFESSIONAL READING PROGRAM (PRP)

The purpose of the Chief of Naval Operations Professional Reading Program (CNO PRP), maintained by CNO PRP program managers at the U.S. Naval War College, is to facilitate the professional and personal development of all Sailors. For additional information on the CNO PRP visit https://www.navy.mil/CNO-Professional-Reading-Program/

| Duty: A Memoir - Gates | Shoot the Women First - MacDonald | We Die Alone - Howarth | | | |

Nearly 200 years ago, the Navy ordered its ships be outfitted with a reading list of 37 books in order to help train and educate Sailors. The Navy's leaders knew then what is still the case today: to outthink our competitors we must study and apply lessons we've learned from our past. Furthermore, it is critically important for our Navy to be a learning organization. And one of the very best ways to do that is to foster an environment where every Sailor deepens their level of understanding and learning.

That is why we launched an updated Chief of Naval Operations Professional Reading Program (CNO-PRP) reading list, with a motto of "Read Well to Lead Well."

JOB DESCRIPTION

Gas Turbine Systems Technicians (Electrical) operate, repair and perform organizational and intermediate maintenance on electrical components of gas turbine engines, main propulsion machinery, auxiliary equipment, propulsion control systems, and assigned electrical and electronic circuitry up to the printed circuit and alarm warning circuitry, operating electric plant main and propulsion control equipment; locating circuit failures and replacing parts; measuring current, voltage and resistance; testing for shorts, grounds and continuity; testing protective circuitry; testing, servicing and replacing batteries; performing preventive maintenance on digital data equipment and control and monitoring circuits; measuring insulation resistance; repairing electrical/electronic cables, wiring and connectors; maintaining alarm, indicating and warning systems; maintaining and repairing gas turbine engines and auxiliary equipment; working with blueprints, schematics and charts; performing administrative procedures related to gas turbine propulsion system operation and maintenance; performing work area inspections; operating standard test equipment; stopping engines and checking for proper performance; replacing and adjusting operating tolerance of contacts, micro switches, relay switches, pressure switches and temperature switches.

RECOMMENDED BILLET ASSIGNMENTS

Work as a Gas Turbine Master Technician for afloat or shore providing command support operating engineering equipment, stand roving watches and provide maintenance and repair to electrical/propulsion/auxiliary equipment.

Other opportunities:

- Command Master Chief
- RDC
- Instructor/Facilitator
- 3-M Coordinator
- CMEO/EOA
- DAPA
- CACO
- Detailer
- Joint Assignments
- GWOT Support Assignments

CREDENTIALING

Navy Credentialing Opportunities On-Line (Navy COOL): Navy COOL assists Sailors (active & reserve) by funding the certification & licensing exams that map their Navy education, training, experience, and competencies to industry/civilian-recognized credentials and occupational equivalents. Sailors may obtain funding for credential examinations, renewals, maintenance fees, and other mandatory examination administrative fees.

The following certifications and licenses are applicable to the GSE-Gas Turbine System Technician Electrical rating. *They may require additional education, training or experience.*

For more information about these credentials, visit NAVY COOL at https://www.cool.osd.mil/usn/.

Out of Rate Certifications and Licensure

Academic Degrees - You are now eligible for credentials towards an earned academic degree.

Cross-Rated Sailors - If you have cross-rated, you now are eligible for credentials related to your prior rating.

Off-Duty or Command-Sponsored Training – You are now eligible for credentials for documented training that fully prepares you for a credential.

Navy Reservists – You may now be eligible for funding of credentials related to your civilian occupation.

Prior Other-Service Enlisted Occupation - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials related to prior other-Service (Army, Air Force, Marine Corps, Coast Guard) enlisted occupation.

Collateral Duty/Out of Rate Assignments - Credentials are also available in these collateral duties/out of rate assignments in which you are serving in or have served in.

Credentials Earned & Maintained Prior to Joining the Navy - If you are Navy enlisted (Active or Reserve), you may now be eligible for funding for credentials that were earned, and maintained, prior to your enlistment in the Navy. The certification or license must have relevance to the needs of the Navy, and must appear on Navy COOL, although it does not need to show the Navy Bucks icon to be funded.

* See the Additional Funding Opportunities section on any rating page on Navy COOL for further details.

Leader Credentialing: The following certifications and licenses are applicable to enlisted Leaders (E4 and above). *They may require additional education, training or experience.*

United Services Military Apprenticeship Program (USMAP): USMAP is available to most active duty occupations and is certified by the U.S. Department of Labor. This is the largest apprenticeship program operating in the U.S. and is recognized by all 50 states. Completion of one of these programs would qualify you as a journeyman, which could mean a significantly higher starting salary in the civilian work force. Most programs require 5-8 years to complete but are transferable if you decide to leave the service prior to completion. USMAP opportunities also exist for SELRES with orders over 12 months.

The following USMAP apprenticeships are applicable to the GSE-Gas Turbine System Technician Electrical rating.

For more information about these apprenticeships, visit USMAP at https://usmap.osd.mil/index.htm.

| Apprenticeship | Date Completed |
|--|-------------------|
| Computer Operator | |
| Electrician, Maintenance | |
| Hydroelectric-Machinery Mechanic (Utilities) | |
| Industrial Maintenance Mechanic | |
| Power-Plant Operator | |

POST MILITARY OCCUPATIONS

The following post military occupations are similar to the GSE-Gas Turbine System Technician Electrical Rating. For more information about these occupations, visit NAVY COOL at https://www.cool.osd.mil/usn/.

| Occupation (Civilian Employer) |
|---|
| Control and Valve Installers and Repairers, Except Mechanical Door |
| Cooling and Freezing Equipment Operators and Tenders |
| Electric Motor, Power Tool, and Related Repairers |
| Electrical and Electronic Engineering Technologists and Technicians |
| Electrical and Electronic Equipment Assemblers |
| Electrical and Electronics Installers and Repairers, Transportation Equipment |
| Electrical and Electronics Repairers, Commercial and Industrial Equipment |
| Electrical and Electronics Repairers, Powerhouse, Substation, and Relay |
| Electrical Power-Line Installers and Repairers |
| Electricians |
| Electronic Equipment Installers and Repairers, Motor Vehicles |
| First-Line Supervisors of Mechanics, Installers, and Repairers |

3 - Does not have a mandatory periodicity but is required at career touch points per CNO WASHINGTON DC/191539ZJUL16.

^{4 -} Required for selection board members and recorders

Courses with Recommended Reserve Points:

Commander Navy Reserve Forces (CNRF) N7 determines the number of reserve points awarded for completion of a course taken on Navy e-Learning. This listing should only be used as a guide and is subject to change by direction of CNFR N7.

Navy e-Learning has no control over how many, if any, reserve points are eventually awarded for the completion of a course. All questions concerning the award of reserve points should be directed to CNFR N7.

MCPO RECOMMENDED RESERVE PME:

| Course Title | Course Location | CIN/CSE ID | Course Length | Date Completed |
|---|----------------------|-----------------------|------------------|-------------------|
| Navy Reserve Unit Management (E7-E9) | NRPDC New Orleans | R-7A-0031 | 5 days | |

MILGEARS

MilGears (https://milgears.osd.mil/) has been developed to serve Sailors while they serve, as they transition, and beyond. Whether you're committed to completing a single enlistment term or plan to retire from the military, everyone gets out eventually. MilGears exists to help you plan in advance for that time by highlighting future possibilities and helping you visualize how to reach those goals. Tools on MilGears analyze your unique history - your military duties and training, civilian education and credentialing, and apprenticeships - to provide customized results.

Key features include:

- No PII is stored on the MilGears servers it does not save or collect any of your information.
- The ability for you to save an encrypted file to save your progress and return to the tool at any time.
- Auto-filling of tools based on uploaded service history document (ETJ, JST, or VMET).
- An easy-to-read PDF summary of your military history that you can keep as a reference.

Of the several tools found on MilGears, the two most common that Sailors would use are the **Engage My Career Tool** and the **Quick Explorer Tool**.

ENGAGE MY CAREER TOOL

The Engage My Career (EMC) Tool, available from the MilGears home page, analyzes your unique history to provide customized results. The EMC Tool looks at what you've done in the military to date by guiding you through a series of questions that collect information such as: your rating, pay grade, duty station history, training, NECs, qualifications (applicable to Mariner careers), and civilian education or credentials. The EMC Tool then takes this information and helps you determine your best path forward by showing you the possible occupation options you may be eligible for based on your current experience.

Customized output includes:

- Civilian occupations that may be attainable or nearly attainable.
- Apprenticeships, certifications, and education that can help you fill training gaps or that could make you more competitive in the job market.
- How You Stack Up a detailed view of how you compare to the typical requirements for civilian occupations and credentials.
- Next Steps recommendations to fill gaps to enter an occupational field.

QUICK EXPLORER TOOL

The Quick Explorer Tool, available from the MilGears home page, allows Service members to explore occupations without uploading personal information.

The following areas are available for exploration:

- Credentials explore pathways related to a specific credential such as a degree, a certification, a USMAP apprenticeship or a federal license.
- Career Goals explore pathways based on career goals through job family, industry and more.
- Military Occupation explore pathways by MOC to view 'best-fit' pathways based your military occupation. Pathways include academic, industry, apprenticeship, cross-rate opportunities, and post-service employment opportunities.
- Interests answer a series of questions designed to discover your personal interests and connect them to career pathways.

NAVY PROFESSIONAL READING PROGRAM (PRP)

The purpose of the Chief of Naval Operations Professional Reading Program (CNO PRP), maintained by CNO PRP program managers at the U.S. Naval War College, is to facilitate the professional and personal development of all Sailors. For additional information on the CNO PRP visit https://www.navy.mil/CNO-Professional-Reading-Program/

| Descent Into Darkness - Raymer | Run Silent, Run Deep - Beach | Tragedy at Honda Point - Lockwood | | | |
| Duty: A Memoir - Gates | Shoot the Women First - MacDonald | We Die Alone - Howarth | | | |

Nearly 200 years ago, the Navy ordered its ships be outfitted with a reading list of 37 books in order to help train and educate Sailors. The Navy's leaders knew then what is still the case today: to outthink our competitors we must study and apply lessons we've learned from our past. Furthermore, it is critically important for our Navy to be a learning organization. And one of the very best ways to do that is to foster an environment where every Sailor deepens their level of understanding and learning.

That is why we launched an updated Chief of Naval Operations Professional Reading Program (CNO-PRP) reading list, with a motto of "Read Well to Lead Well."

ALL PAYGRADES VOLUNTARY EDUCATION

Note: Prior to considering any pursuit of off duty education or program enrollment contact the Navy College Virtual Education Center (NCVEC) or visit your Overseas Navy College Office.

You must complete the Tuition Assistance Training before your first course will be approved.

Complete the online courses at the Navy College Website: http://www.navycollege.navy.mil/

How do I get started?

You already have. All your training up to this point is part of your Gas Turbine Systems Technician - Electrical Roadmap. Now that you have made the first steps you will need to sit down and formulate a plan. This plan will work best if you start out discussing your options with your Leading Chief Petty Officer, Leading Petty Officer, Mentor, or Career Counselor. They will help you understand all of the basics. Then your next step is to contact the Navy College Virtual Education Center or visit your Overseas Navy College Office. Then your counselors will be able to help you formalize your plan and make sure that it makes sense for both you and the Navy. To aid you in your conversation with these professionals, here are a few questions that you may want to ask.

What credits do you have? What non-college courses have you taken? Where do you want to go? What field of study, or what kind of degree? What program will help me get there: Traditional or Online? What are my next steps: Transfer credits, take exams, have experience evaluated, or sign up for new courses?

GENERAL INFORMATION ON VOLUNTARY EDUCATION

The Navy College Program & Web Page:

The Navy College Program (NCP) provides opportunities to Sailors to earn college degrees by providing academic credit for Navy training, work experience, and off-duty education. The NCP mission is to enable Sailors to obtain a college degree while on active duty. In support of the four R's - Recruiting, Readiness, Retention, and Respect - the NCP signifies Navy's commitment to education by improving enlistment appeal; demonstrating Navy service and achieving a college degree are compatible; helping Sailors apply themselves to new situations and challenges and better preparing them for advancement; building up Sailors' self-image; and producing higher quality Sailors.

• More information is available online at: https://www.navycollege.navy.mil

Tuition Assistance (TA):

NAVADMIN 114/19 limit changes as of 1 October 2019: TA provides funds for eligible active-duty personnel to attend approved educational institutions on an off-duty basis to earn a high school diploma, vocational/technical certificate, or college degree. TA pays for tuition. TA will pay for the following amount per career: 120 semester hours, or 180-quarter hours or 1800 clock hours or a combination of semester, quarter and clock hours. TA will pay the following amounts per fiscal year: 12 semester hours, not to exceed \$250/credit for semester hours or 18-quarter hours not-to-exceed \$16.67/clock hours or a combination of semester, quarter and clock hours.

• More information is available online at: https://www.navycollege.navy.mil

Joint Service Transcripts (JST)

JSTs are official military transcripts which are used by colleges to validate your actual credited training. Every Sailor has a transcript already and access to it is free.

• More information is available online at: https://jst.doded.mil/

The American Council on Education (ACE)

ACE has reviewed every course listed in the OCCUPATIONAL Roadmap and determined what type of collegiate level credit is recommended. The ACE identifier, listed with each course, is a source to validate the information and to check for changes as they occur.

• Updates can be found at http://www.acenet.edu/news-room/Pages/Military-Guide-Online.aspx.

Vocational Certificates

Vocational Certificates are available from most community colleges. Most of your military training can be counted toward their degree programs, but they will still require residency credits and approximately 40-75 credit hours. These certificates can be as valuable as the apprenticeship program in the civilian work force.

College credits by Testing CLEP, DSST

Testing can replace the requirement to attend most of the college courses listed in the Occupational Roadmap. Base Education Centers offer CLEP and DSST exams for active duty military at no cost. They also offer a comprehensive list of "credit-by-exam" tests. Additionally, many of the tests have study guides available. These tests are available at the base education center or through the base library system. For specific testing locations visit the DANTES website.

- Navy College Program: https://www.navycollege.navy.mil/information-for-sailors/pre-college-testing-and-college-credit.htm
- DANTES: http://www.dantes.doded.mil/examinations/earn-college-credit/earn-college-credit.html

College Entrance Exams Testing ACT, SAT

The ACT and SAT are both standardized tests that help colleges evaluate candidates. Many colleges require that students submit test results as part of the admission application process. Since Sailors are considered transfer students, these tests are not generally required for admission. However, some Sailors must take the tests to enter specific military programs.

- Navy College Program (ACT SAT): http://www.navycollege.navy.mil/information-for-sailors/college-entrance-exams.htm
- DANTES (ACT SAT): http://www.dantes.doded.mil/examinations/college-admissions/act.html
